SCHEDULE.

Agreement made the first day of March, A.D. 1907, between the Canadian Northern Railway Company, hereinafter called the Canadian Northern, of the first part; the Grand Trunk Pacific Railway Company, hereinafter called the Grand Trunk Pacific, of the second part; and His Majesty the King, acting in respect of the Dominion of Canada, and herein represented and acting by the Honourable the Minister of Railways and Canals and the Commissioners of the Transcontinental Railway, both being hereinafter referred to as the Government, of the third part.

Whereas the Grand Trunk Pacific is constructing a line of railway (hereinafter referred to as the Western Division), which will enter or have a connection with the city of Winnipeg, and the Canadian Northern has certain lands and terminal and other facilities in Winnipeg.

And whereas the Government is constructing a railway (hereinafter referred to as the Eastern Division) under the provisions of the statutes of Canada, chapter 71, for the year 1903, and chapter 24, for the year 1904, and the Grand Trunk Pacific will become lessee of such railway under the provisions of the said statutes.

And whereas the parties hereto have agreed to establish joint passenger and local freight terminals in Winnipeg, and have agreed with reference thereto as hereinafter contained.

Now this Agreement witnesseth:—

1. Unless the context requires a different meaning wherever the word "Companies" is used in this Agreement, it shall, so long as the Grand Trunk Pacific is lessee of the Eastern Division, mean the Canadian Northern and the Grand Trunk Pacific, and if, and when the Grand Trunk Pacific ceases to operate the Eastern Division as such lessee and before it becomes such lessee, the word "Companies" shall mean the Canadian Northern, the Grand Trunk Pacific and the Government, and wherever the word "Company" is used it shall mean the Canadian

Northern, or the Grand Trunk Pacific or the Government, as the case may be. The expression "joint terminals," wherever used in this Agreement, means the lands, premises and facilities in Winnipeg, including the transfer and industrial tracks and sidings shown in colour on the plan intituled "Ground Plan referred to in the Agreement respecting Winnipeg Terminals," and identified by the signatures of the president or vice-president of the Canadian Northern and of the Grand Trunk Pacific and of the chairman or other member of the Transcontinental Railway Commission, and includes any additional lands, premises and facilities which may be hereafter acquired in accordance with the terms of this Agreement as additions to or extensions of the joint terminals. The said expression also includes the station-hotel, freight sheds, warehouses, engine houses, water tanks, turn tables, coach tracks, car tracks, telegraph lines and all other buildings, improvements and facilities erected or made upon or for the joint terminals in accordance with the provisions hereinafter contained, and also all furniture, equipment, locomotives and plant supplied for use in connection with the joint terminals. Wherever the Canadian Northern or the Grand Trunk Pacific or the Government is mentioned or referred to in this Agreement, such mention or reference shall extend to and include the respective successors and assigns of said parties respectively.

2. Except as herein expressly provided, none of the parties hereto shall, without the written consent of the other two, assign or transfer any rights or interests under this agreement or give or assume to give to any other company or person any rights or interests upon or in respect of the joint terminals or any part thereof; and any assignment, transfer or other instrument contrary to the provisions of this clause shall be void and of no effect. Provided always that an amalgamation by the Canadian Northern or by the Grand Trunk Pacific with another company shall not be deemed an assignment or transfer contrary to this clause and the amalgamated company as successors by amalgamation shall possess all the rights of its predecessors under this agreement nor shall anything herein contained be construed to confine the parties to the operation of lines now chartered, leased, acquired or operated by them respectively, Provided further that the Canadian Northern may from time to time mortgage or charge the joint terminals and its rights and revenues under this agreement or any part thereof to secure bonds, debentures, debenture stock or other securities. Provided also that the lease to be made by the Government to the Grand Trunk Pacific covering the Government's rights under this agreement shall not be deemed an assignment or transfer contrary to this clause.

3. In consideration of the yearly and other payments to be made by the Grand Trunk Pacific and by the Government to the Canadian Northern under this agreement, the Canadian Northern grants to the Grand Trunk Pacific and to the Government for the period and upon the terms and conditions and with the limitations herein contained and in common with the Canadian Northern, the joint use and enjoyment of the joint terminals for the passenger and local freight business of the Grand Trunk Pacific and of the Eastern Division, and it is hereby declared to be the intention of the parties and the basis of this agreement that subject to the express terms hereof the Companies shall have equal rights and positions for passenger and local freight business upon and in respect of the joint terminals; and for the purpose of managing and operating the joint terminals, there is hereby constituted a board of trustees, hereinafter called the Terminals Board, consisting (during the continuance of the lease of the Eastern Division of the Grand Trunk Pacific) of one representative of the Canadian Northern to be appointed by it

from time to time, and one representative of the Grand Trunk Pacific to be appointed by it from time to time, the said Board shall be appointed and constituted as soon as the joint terminals are substantially ready for joint use and operation by the Companies and for the purposes of this agreement and during the currency thereof the control and management and operation of the joint terminals are hereby given to and vested in the Terminals Board. The Board shall appoint a competent person as terminals manager, who shall, subject to the control of the Board, superintend generally the management and operation of the joint terminals. The powers and duties of the Board and of the terminals manager shall be exercised and performed in such way as shall be reasonable and just to the Companies without unfair preference or discrimination in favour of or against either party. Provided always that if and when the Grand Trunk Pacific ceases to operate the Eastern Division as such lessee and before it becomes such lessee, if the appointment of the Terminals Board is deemed necessary, the Terminals Board shall consist of two representatives of the Canadian Northern to be appointed by it from time to time, and of one representative of the Grand Trunk Pacific and of one representative of the Government, to be appointed by them respectively from time to time and thereafter the Grand Trunk Pacific in its own right and the Government on behalf of the National Transcontinental Railway shall, in common with the Canadian Northern, have the joint use and enjoyment of the joint terminals and equal rights and positions under this agreement with respect thereto for the purposes aforesaid.

4. Should the Terminals Board be equally divided upon any matter at any meeting the Companies shall consult together with a view to agreeing with respect to the matter, and in default of such agreement, the said matter shall be determined by arbitration as hereinafter mentioned.

5. The Canadian Northern agrees to construct and make upon the lands comprised in the joint terminals, the buildings, tracks, yards, telegraph lines, structures and facilities shown upon the plans intituled "Plans referred to in clause 5 of the agreement respecting Winnipeg Terminals" and identified in a similar way to that mentioned in clause one, or such other plans as may by agreement of the parties be substituted therefor, and shall thereafter make any changes therein as may be from time to time mutually agreed upon. The Canadian Northern will also, subject to the approval of the Terminals Board, properly equip and keep equipped the station and all other buildings under the jurisdiction of the Terminals Board and the joint terminals with the necessary furniture, locomotives, plant, tools and equipment required in and about the operation of the terminals. Provided, however, that in respect of expenditure incurred while the Grand Trunk Pacific is lessee of the Eastern Division for such furniture, locomotives, plant, tools, and equipment, the Government shall not be liable for interest on capital account under clause 13 (*b*) hereof, and the interest which but for this provision would be payable by the Government to the Canadian Northern shall be paid by the Grand Trunk Pacific.

6. All works which are or may hereafter be required upon the joint terminals shall be done by contract or on force account or otherwise as the Companies may from time to time agree on, and the letting of contracts and the inviting of tenders (if any) for work or materials shall be as the Companies may mutually agree on; and unless the Companies otherwise agree there shall be from time to time a chief engineer or manager of construction or other person who shall be in general charge of works of construction upon the joint terminals whether done by contract or on force account or otherwise, and he shall be the appointee of the Canadian Northern and Grand Trunk

Pacific and he shall be approved of by the said Commissioners or the Minister of Railways and Canals and he shall be removable upon the request of any of the Companies at any time, and his successor and successors (if any) shall be appointed in the same manner, approved of as aforesaid. Each Company shall have the right to have all works examined and reported on from time to time by some person authorized by it and all reasonable facilities and information to enable such examination and reports to be made shall be afforded. Such examinations and reports on behalf of the Government shall be made by the chief engineer of the Transcontinental Commission, or other officer of said Commission duly authorized. For the purpose of verifying the actual cost of constructing the terminals and of any future work thereon, each Company shall have proper inspection of all pay rolls, progress estimates, books, accounts and vouchers relating thereto and if necessary have the accuracy of any and all statements of actual cost investigated by an auditor.

7. The said work, embraced in plans in clause 5 mentioned, may be commenced as soon as the Canadian Northern may see fit and shall in any event be commenced within two months after this agreement has been ratified by the Parliament of Canada as hereinafter mentioned, such work shall be prosecuted thereafter with all reasonable diligence and despatch and shall be completed on or before the expiration of three years from the time of commencement.

8. From time to time as additional buildings, improvements or facilities upon the joint terminals or additional lands therefor are in the opinion of either or any of the Companies, required for the reasonable purposes of their or either or any of their passenger or local freight business, the Companies shall consult together with a view to agreeing with reference thereto; and in case they cannot agree the question as to the necessity of such additional buildings, improvements, facilities or lands and the nature extent and location thereof shall be determined by award of arbitrators in the manner hereinafter provided. Upon an agreement being come to or it being determined by arbitration that the said additional buildings, improvements, facilities or lands are requisite for the purposes of the terminal business, the same shall be constructed and provided by the Canadian Northern, and the cost thereof shall be added to the capital account upon which subject to the proviso to clause 5 hereof the Grand Trunk Pacific and the Government shall pay annually a sum equal to one-half of four and one-half per cent as provided for below. In the event of such additional buildings, improvements, facilities or lands not being decided upon by agreement or arbitration, the Company or Companies desiring the same may provide them at its or their own cost and shall be entitled to the exclusive enjoyment thereof. Provided, however, that the other Company or Companies may at any time give notice of intention to enter upon the joint use thereof whereupon the Company or Companies giving such notice shall be entitled to such joint use and said additional buildings, improvements, facilities or lands shall then be under the jurisdiction of the terminals Board as part of the joint terminals. If they have been provided by the Canadian Northern the actual cost thereof up to the giving of such notice exclusive of the cost of renewals, shall subject as aforesaid, be added to the last mentioned capital account, and the Company or Companies giving such notice shall pay to the Canadian Northern its or their proper proportion of the annual sum equal to four and one-half per cent as provided for below but if the said additional buildings, improvements, facilities or lands have been provided by the other Company or Companies it or they, as the case may be, shall, if said notice has been given

by the Canadian Northern be reimbursed therefor by the Canadian Northern upon the basis of the said actual cost.

Provided always that during the continuance of the lease of the Eastern Division to the Grand Trunk Pacific as between the Grand Trunk Pacific and the Government the question of how much (if any) of capital expenditure made by them, or either of them, under this clause, for additional buildings, improvements, facilities or lands and how much, if any, of annual payments to the Canadian Northern upon the cost thereof shall be borne by or chargeable to the Grand Trunk Pacific, and how much, if any, shall be borne by or chargeable to the Government, shall be settled by agreement between them, or failing agreement, shall be determined by arbitration conformably to the provisions of clause 38 hereof, the question for arbitration being how far the expenditure was reasonably necessary for the efficient operation of the Eastern Division, or of the Grand Trunk Pacific, respectively.

9. The net proceeds of any bonds, debentures, debenture stock or other securities issued by the Canadian Northern and secured upon the joint terminals and its rights under this Agreement, shall be used only for expenditures under clauses 5 and 8 of this Agreement, and pending such expenditures the same shall be received and retained by the trustee of the mortgage or trust instrument securing said securities, and shall be paid out from time to time to meet such expenditures in accordance with proper terms in that behalf to be contained in said mortgage or trust instrument, and should the Canadian Northern make default in carrying on the works and doing the other things required under said clauses 5 and 8, so as to unreasonably delay the completion thereof, the Grand Trunk Pacific or the Government, or both, may carry on and complete such works and do such other things, and the trustee of said mortgage or trust instrument shall pay out any moneys, on hand, received as said proceeds to meet the expenditures made or incurred by the Grand Trunk Pacific or the Government, or both, in so carrying on and completing such works and doing such other things, and the Canadian Northern shall repay to the Grand Trunk Pacific or to the Government, or to both, as the case may be, any expenditures properly made for the purposes aforesaid in excess of the amounts paid out therefor by said trustee, and pending such re-payment, the sums payable to the Canadian Northern under paragraphs (*b*) and (*c*) of clause 13 hereof, shall be adjusted so that they may properly represent the sums properly payable after giving credit to the Grand Trunk Pacific or the Government, as the case may be, for the share of the percentage upon such unpaid excess which the Canadian Northern would have borne had the said excess been paid by it and as between the Government and the Grand Trunk Pacific the proper adjustment shall be made so that each party shall bear the proper share of the percentage upon such unpaid excess according to the amount thereof furnished by each.

10. Pending the completion of the works embraced in the plans in clause 5 mentioned, the Canadian Northern shall provide in the joint terminals such temporary additional tracks and facilities as may with the existing tracks and facilities be required for the joint use of the Companies. The cost thereof shall, subject to the proviso to clause 5 hereof, be added to the capital account upon which the Grand Trunk Pacific and the Government are to pay one-half of four and one-half per cent as herein provided for. Prior to the time when the joint terminals are substantially ready for joint use and operation by the Companies, the expenses of maintenance, repair and operation of the joint terminals so far as the same relate to passenger business and local freight business respectively, shall be apportioned between the Companies as provided for in clause 20

hereof, but the minimum charge mentioned in said clause shall not apply. The Canadian Northern may continue to occupy and use the present buildings, tracks and conveniences on the joint terminals until others are provided under the new plans, but if and when, from time to time, it becomes necessary to remove or interfere with any of such present buildings, tracks or conveniences in order that the new works may not be retarded or inconvenienced, the Canadian Northern shall cease such occupation and use and procure for itself other accommodation elsewhere should the new accommodation not be then ready. Pending the appointment of the Terminals Board, the Companies shall consult together respecting the use of the joint terminals and shall agree upon reasonable rules and regulations respecting the same, and the Companies may appoint a joint superintendent to carry out rules and regulations, and employees of either Company shall not, except when engaged in the joint terminals operations, be deemed to be in the common employment of the Companies.

11. With the unanimous approval of the Companies, there may be granted to any other railway company or companies rights of user or otherwise with respect to the joint terminals or parts thereof. Provided that if any other company be admitted to use the joint terminals or any part thereof the Canadian Northern shall be entitled to the benefit of one-half of the rentals and other consideration in the nature of rentals received from such other company therefor and the Grand Trunk Pacific and the Government together to the benefit of the other half. The proportion of expenses for maintenance, repair and operation shall be provided for by the agreement with such other company.

12. The plan intituled "Plan referred to in clause 12 of the agreement relating to Winnipeg terminals" and identified in a similar way to that mentioned in clause one hereof shows the joint terminals property as it now exists with the buildings, tracks, and other conveniences thereon. The sum of $2,625,000 is hereby fixed as the value of the lands as shown in color on the plans referred to in paragraph one, included in the joint terminals, including grading, levelling, and filling heretofore done thereon but excluding buildings, fixtures, tracks and other improvements and facilities. The Canadian Northern may, at its own expense, remove all buildings, fixtures and other improvements and facilities shown on said last mentioned plan, and retain the same or the salvage thereof, save and except the new round-house, the tracks and switch stands. Should the Canadian Northern elect not to remove any building, fixture or other improvement or facility the same shall form part of the joint terminals and the removal or other disposition thereof shall form part of the work in carrying out the new plans, and the salvage shall be for the benefit of the joint terminals. The option of the Canadian Northern shall be exercised from time to time as the work under the new plans is proceeded with and so that such work may not be retarded or interfered with.

13. The compensation to be paid by the Grand Trunk Pacific and the Government in equal shares to the Canadian Northern for the rights respecting the joint terminals given by this agreement shall be as follows:—Prior to the Grand Trunk Pacific becoming lessee of the Eastern Division and so long as it is such lessee the said compensation shall be:—

(*a*) a sum each year equal to one-half of four per cent upon the said sum of $2,625,000.

(*b*) Subject to the proviso to clause 5 hereof, a sum each year equal to one-half of four and one-half per cent upon the expenditures made by the Canadian Northern from time to time under clauses 5 and 8 hereof, including the cost of the temporary additional tracks and facilities required under clause 10 hereof,

and including expenditure in restoring or rebuilding after fire or other casualty over and above the amount of insurance received.

(*c*) If and when the Grand Trunk Pacific ceases to operate the Eastern Division as such lessee, the Grand Trunk Pacific and the Government shall thereafter respectively each pay a sum each year equal to one-third of four per cent upon said sum of $2,625,000, and a sum each year equal to one third of four and one-half per cent upon the expenditures mentioned in paragraph (*b*) of this clause.

Provided always, that at any time before the construction of the building for the hotel and restaurant on the joint terminals has been commenced the Government may by written notice to the other parties hereto elect not to become interested in said building or in the hotel and restaurant, and thereupon separate accounts of the expenditures made thereon from time to time shall be kept, and so far as relates to the Government the expenditures upon which the sums payable under paragraphs (*b*) and (*c*) of this clause are to be calculated, shall not include the said expenditures, but should the said building include waiting rooms, offices or other accommodation forming part of the direct railway terminal purposes, a fair proportion of the expenditure on said building representing said accommodation shall be included. The amount so to be included shall be agreed on by the parties or determined by arbitration in accordance with the provisions hereinafter contained. Should the Government elect as in this clause provided, the sums which but for such election would be payable by the Government to the Canadian Northern shall be paid by the Grand Trunk Pacific, and the last named two companies shall be equally entitled to the benefit of the receipts and revenues of said building and the hotel and restaurant, and all expenses and outgoings in connection therewith and not connected with said railway accommodation shall be equally divided between and borne by the said last named two companies. Provided further that if and when the Grand Trunk Pacific ceases to operate the Eastern Division as such lessee, the Government may at any time within six months thereafter give the other parties written notice of intention to become interested in said building and hotel and restaurant, and thereupon the Government and the Grand Trunk Pacific shall each pay to the Canadian Northern one-third of four and one-half per cent upon the sum shown by the accounts at that time as the expenditure made up to that time upon capital account on said building and hotel and restaurant, and the three parties shall be then equally entitled to the benefit of the receipts and revenues thereafter derived from said building and hotel and restaurant and all expenses and outgoings in connection therewith shall thereafter be equally divided between and borne by them.

14. The compensation above mentioned shall be payable in monthly instalments on the first day of each month, commencing from the first day of January, 1907, with respect to the said fixed value of $2,625,000, and with respect to so much of said compensation as consists of percentage on expenditure hereafter made by the Canadian Northern, the compensation shall be calculated and commence from time to time as of the dates when progress payments are made.

15. The terminals board may, from time to time, set apart for the exclusive use and enjoyment of the companies respectively, or either or any of them, for such periods and on such terms as may be agreed, such portions of the joint terminals, as the Board may think expedient, and the companies, as the case may be, shall thereupon be entitled to such exclusive use.

16. The management generally of the joint terminals, subject to the joint directions of the companies, is hereby vested in

the Terminals Board and for greater certainty, but not so as to restrict the generality of the powers of the Board, its powers and jurisdistion shall extend to and include:—

(*a*) The hiring and dismissal of all terminal employees.

(*b*) The time schedules, rules and regulations for the operation and movement of trains, engines, cars and other vehicles upon the joint terminals.

(*c*) Directions to conductors, enginemen, trainmen, baggagemen and other employees of the companies respectively, connected with trains, engines, cars and other vehicles, while on the joint terminals, and the direction of all other employees of the companies respectively, employed on or in connection with the joint terminals.

(*d*) The management of the hotel and restaurant upon the joint terminals, if the same be not leased or otherwise disposed of by agreement of the Canadian Northern and Grand Trunk Pacific.

(*e*) Cleaning of sleeping cars, passenger cars, dining cars, &c.

(*f*) Team tracks, drive ways.

(*g*) Engine houses, turn tables, water stations.

(*h*) Freight houses, loading and unloading plant.

(*i*) Yards and tracks and the disposition of cars thereon.

(*j*) Yard engines, switching and transferring of cars.

(*k*) The passenger station, waiting rooms, &c.

(*l*) Special trains.

(*m*) The storage of cars.

(*n*) The removal of wrecks.

(*o*) Industrial tracks and sidings.

(*p*) Switching.

17. Each company shall remunerate its own representative on the Terminals Board, but all expenses of the Board and of the persons employed by it shall be charged as part of the operation of the joint terminals. Such office and other accommodation for the exclusive purposes of the Board and of its employees as the companies may agree upon shall be furnished. The companies shall provide and maintain in equal shares a credit or fund for the Terminals Board sufficient to enable it to meet a month's expenses in the management of the joint terminals or so much of such expenses as the funds at its disposal may not be sufficient for.

18. The Canadian Northern or the Canadian Northern Telegraph Company and the Grand Trunk Pacific or the Grand Trunk Pacific Telegraph Company, and the Government, if and when the Grand Trunk Pacific ceases to operate the Eastern Division as such lessee, shall each have the privilege of stringing its own wires on the poles in the joint terminals and into the office of the Terminals Board, and have its business handled by the operators of the Terminals Board; or if the parties desire, separate offices may be assigned for handling the business of the companies respectively, and the commercial business of the Canadian Northern Telegraph Company and of the Grand Trunk Pacific Telegraph Company, and of the Government telegraph, if any.

19. The Terminals Board shall decide as to the facilities on the joint terminals to be afforded from time to time to the express companies who may carry on the express business upon the Canadian Northern and the Grand Trunk Pacific and the National Transcontinental respectively.

20. The Board shall keep and render to the companies monthly an account of every vehicle which forms part of any train and of the locomotive hauling the same, which arrives at, and also of any train which leaves, the joint terminals in the ordinary course of the passenger business, each vehicle and each locomotive being counted once on entering and once on leaving (the passage of a through train constituting a double movement

and each vehicle and engine therein being counted twice) except that no record shall be taken of any empty vehicle entering the joint terminals for the purpose of taking up passengers, or leaving the same after discharging passengers or of the engine or engines hauling the same, and the expenses of maintenance, repairs and operation of the joint terminals, so far as the same relate to passenger business shall be apportioned between the companies in the respective proportions which the number of each company's vehicles and engines so counted as aforesaid bears to the total number so counted as aforesaid.

Provided always that for five years from the time when the joint terminals are substantially ready for joint use and operation by the companies the minimum charge to the Grand Trunk Pacific and the Government together as their proportion of the said expenses of the joint terminals so far as same relate to passenger business shall not be less than twenty-five per cent thereof and after the said five years the minimum charge shall not be less than forty per cent thereof.

The Terminals Board shall further keep and render to the companies an account of the number of tons of freight handled by the terminals staff, whether the same be handled at the freight sheds on the terminals, or at the warehouses on industrial tracks or on local delivery tracks, or otherwise, and the expenses of maintenance, repairs and operation of the terminals other than those relating to the said passenger business as above defined, shall be apportioned between the companies respectively, in such proportion as the number of tons of freight handled by the terminal staff whether the same are handled at the freight sheds on the terminals or at the warehouses on industrial tracks, or on local delivery tracks or otherwise, bears to the total tonnage so handled.

21. The books, accounts and other documents of all kinds of the Terminals Board, as well as of the manager, shall at all times be open to the inspection of each of the parties hereto. The Terminals Board shall keep and furnish to the companies accurate accounts of the operating expenses of the joint terminals; operating expenses shall consist of and shall include salaries, wages, supplies, maintenance and repairs generally, including station and other furniture and equipment, taxes, where not exempt, lighting, heating, water supply, loss, damage and injury under clause 33 hereof, and all other usual incidental expenses of railway terminals. Provided always that insurance premiums shall be borne in equal shares by the companies.

22. The Terminals Board may exclude from the apportionment of expenses of operating the joint terminals any items which cannot be fairly divided on the basis above mentioned. The cost of all items so excluded shall be charged to the respective companies requiring the same.

23. The proportion of the expenses to be borne by the companies as above mentioned shall be ascertained for each calendar month, and shall be paid to the Terminals Board by the respective companies by which the same are to be borne between the 10th and 20th days of the succeeding month, and for the purpose of ascertaining such proportions and of ascertaining all amounts payable and for the proper carrying into effect of the terms of this agreement, it shall be the duty of each company in so far as it relates to the accounts kept or to be kept by it, on or before the tenth day of each month to cause to be made out and rendered true and just accounts and statements in writing requisite for the said purposes, and the companies shall allow to one another and to the Terminals Board proper inspection of all books, accounts, returns, and vouchers for the purpose of checking or verifying the same; and the companies respectively and the Terminals Board shall have the right, from time to time, to employ an auditor to investi-

gate the accuracy of said statements and accounts and all proper facilities for such investigation shall be afforded. The acceptance or making of any payment before audit or verification shall not prejudice the rights to an audit or verification or to amend or collect such further sum or any other payment justly payable.

24. Should any company make default in any monthly payment and should such default continue for one month, the Terminals Board may after seven (7) days notice, and during the continuance of such default exclude the company so in default from such use of the joint terminals or part thereof as they may deem advisable. And in addition the company shall be charged with interest at the rate of four and one-half per cent per annum upon the amount in default, while such default continues.

25. All payments to be made under this agreement shall be made in lawful money of Canada or if demanded in gold coin of the present standard of weight and fineness of the gold forming legal tender in Canada, any payments to be made to the Terminals Board shall be made in Winnipeg, and any payments to be made by the parties to each other shall be made to the Canadian Northern at Toronto, to the Grand Trunk Pacific at Montreal, and to the Government at Ottawa, unless the parties otherwise agree.

26. Subject to the provisions of clause 13 hereof, in case the Government elects as therein provided, all receipts and revenues from the hotel and restaurant and from the rentals thereof, and of shops, offices and other accommodation in the station or other buildings on the joint terminals not required for the use of the companies respectively, and all receipts from services in connection with the joint terminals to the sole benefit of which one or two companies is or are not under the terms hereof entitled, shall enure to the benefit of the companies in equal shares, and all expenses and outgoings in connection with the foregoing shall be equally divided between and borne by the companies, and the Terminals Board shall render to the companies monthly accounts of such receipts and disbursements and make monthly settlements thereof.

27. Any lease to any outside party of any rights in any part of the joint terminals shall be by and in the name of the Terminals Board as lessors (for the benefit of the companies according to their interests under this agreement) and the responsibility of collecting the rents shall be with the Board, and the loss or gain in collecting and getting in said rents shall be debited or credited accordingly. Provided always that no such lease shall be made without the approval of the companies interested therein.

28. The Terminals Board shall maintain and keep in good condition and repair the joint terminals and the Canadian Northern shall within a reasonable time after any buildings or other facilities thereon are destroyed or damaged by fire or other casualty, cause the same to be rebuilt or restored to the same general character as before, unless the parties approve of the same being rebuilt or restored to a better general condition. The Terminals Board shall be bound to use only reasonable and customary care, skill and diligence in maintaining and keeping in good condition and repair the joint terminals. No claim, demand or cause of action shall accrue to any of the parties to this agreement against the other parties, or any of them, by reason of any defects in the joint terminals or any part thereof or by reason of the failure or neglect of the Terminals Board to maintain and keep in good condition or repair the same or in respect of any loss, damage or injury arising from such defects, failure or neglect.

29. It is the intention of the Canadian Northern to insure and keep insured in usual way during the continuance of this agreement against loss by fire, the buildings and improvements upon the joint terminals for such amounts from time to time as will, in the opinion of the Terminals Board reasonably protect the same against loss, and it shall be the duty of the Terminals Board to advise, from time to time, with respect to such insurance. Any moneys received from such insurance shall be applied in rebuilding or restoring the property destroyed or damaged, unless the parties hereto otherwise decide; and it is expressly agreed that no liability of any kind shall rest upon the Canadian Northern because the said intention to insure and keep insured is not carried out, whether by reason of negligence or omission on the part of the Canadian Northern or its employees, the Terminals Board or otherwise, or by reason of breach of conditions of any policy or contract of insurance which would void the same or give to the insurance company a defence to any action upon the policy or contract.

30. Rules and regulations shall from time to time, as required, be made jointly by the chief executive officers of the companies for the instruction and guidance of the Terminals Board and manager.

31. All agents and employees, whether of the Terminals Board or of the companies, whose salaries or wages are included in the expenses connected with the maintenance, repair and operation of the joint terminals shall be deemed to be common agents or employees of the companies.

32. All loss, damage or injury whether to property of any company, or in its custody, or to its employees, or to the passengers of such company or to the joint terminals, or to the common agents or employees and generally all loss and damage of whatever description, by whomsoever sustained, caused by the negligence of one company or its exclusive employees (not common agents or employees) shall be assumed and borne by such company, but this clause shall not give to any third persons any claim or cause of action which they would not otherwise have.

33. In case of loss, damage or injury as referred to in clause 32 hereof, which has been caused by the negligence of a common agent or employee, the amount thereof shall be charged to and paid as part of operating expenses for the month in which such loss, damage or injury happened, but this clause shall not give any third parties any claim or cause of action which they would not otherwise have.

34. The companies shall respectively, assume and bear all loss, damage and injury caused, or suffered by them respectively, and not coming under clauses 32 and 33 hereof.

35. In case of any wreck occurring within the joint terminals, the expense of removing the same and of repairs to the terminal property necessitated thereby shall be borne on the same principles and in the same manner as determined by clauses 32, 33 and 34.

36. In case proceedings be commenced against any company for damage which another agrees herein to assume, the company proceeded against may give notice thereof to the other, and thereupon the last named company shall assume the defence of said proceedings and save the company proceeded against harmless from all loss or cost.

37. For the use of foreign cars on the joint terminals returns and payments shall be made by whichever of the companies handles the same, and the company handling shall be responsible for the same and for such cars.

38. In the event of any dispute or difference between the parties or any of them, in respect of any matter in this agreement mentioned, a settlement whereof is not otherwise herein provided for, the same shall be determined by the award of one

arbitrator agreed upon by the parties to the dispute or difference, and if they cannot agree upon such arbitrator, then if the dispute or difference be between two parties only, each one shall appoint one arbitrator and a third arbitrator shall be appointed by the two so appointed, but if the two fail to appoint a third within ten days after the last of the two has been appointed, then on application to the Chief Justice or to any other judge, of the Court of King's Bench or other court of superior jurisdiction in the province of Manitoba, by either party to the dispute or difference, on notice to the other, such Chief Justice or other judge may appoint a third arbitrator. In the event of either party to the dispute or difference failing to appoint an arbitrator within ten days after the other party shall have appointed an arbitrator, the last mentioned party may apply to the said Chief Justice or other judge aforesaid, to make such appointment and any arbitrator so appointed shall have the same powers, and the arbitrator shall otherwise proceed in the same manner as if the said last mentioned arbitrator had been appointed by the party so failing to appoint as aforesaid. If the dispute or difference be between the three parties hereto, unless they agree upon one arbitrator, then on application by any party, on notice to the others, the said Chief Justice or other judge may appoint an arbitrator or arbitrators to decide the same. Three arbitrators, or two arbitrators and an umpire, shall be so appointed unless the parties otherwise agree. The award upon any arbitration of a sole arbitrator or of a majority of the arbitrators, as the case may be, shall be final and binding upon the parties to the dispute or difference. Should any arbitrator or umpire die or resign or refuse or become unable to act his place shall be filled in the same manner as is provided for in his appointment.

39. Any notice to be given under this agreement to the Grand Trunk Pacific shall be deemed sufficiently given if delivered to the president or general manager or chief executive officer of the Grand Trunk Pacific, or if posted to him in any post office in Canada in a registered envelope prepaid and addressed to him at his chief office; and a notice so deposited shall be deemed to have been so received on the day when in the ordinary course of business the same would reach its destination. Any notice to be given under this agreement to the Canadian Northern shall be deemed sufficiently given if delivered to the president or general manager or chief executive officer of the Canadian Northern, or if posted to him in any post office in Canada in a registered envelope, prepaid and addressed to him at his chief office, and a notice so deposited shall be deemed to have been received on the day when in the ordinary course of the post the same would reach its destination. Any notice to be given under this agreement to the Government shall be deemed sufficiently given if delivered to the Chairman of the Commissioners of the Transcontinental Railway during the period of construction of the Eastern Division—and thereafter to the Minister of Railways and Canals, or if posted to the said Chairman or Minister, as the case may be, in any post office in Canada in a registered envelope, prepaid and addressed to him at Ottawa, and a notice so deposited shall be deemed to have been received on the day when in the ordinary course of the post, the same would reach its destination.

40. The Terminals Board and the manager shall be guided by economical considerations in detailed working arrangements and shall conduct the same impartially and efficiently as if one company's interests were alone concerned.

41. Equal facilities shall be afforded at the joint terminals to the companies for advertising their respective business and that of their connections.

42. There shall be no touting or canvassing for passengers or freight in the joint terminals on behalf of any company.

43. Joint ticket clerks may be appointed by agreement of the companies, or any company may appoint its own ticket clerks as it may elect, and proper accommodation and arrangements shall be made in the station for that purpose.

44. The Canadian Northern doth hereby covenant with the Grand Trunk Pacific and with the Government severally that the Grand Trunk Pacific and the Government severally making the payments which each of them agrees herein to make and performing, observing and fulfilling the covenants and the terms and conditions herein contained and on the part of each of them intended to be performed, observed and fulfilled, shall from time to time and at all times hereafter have the joint use and enjoyment of the joint terminals and the other rights and interests therein and with respect thereto granted and provided for by this agreement according to the terms and conditions herein contained, without interruption or interference by the Canadian Northern or any other party or parties whomsoever lawfully claiming under it; provided, however, and it is hereby agreed, that in the event of the Grand Trunk Pacific or the Government failing to make any of the payments called for by paragraph 13 for the period of six months after the same become due, the Canadian Northern shall have power on one month's notice under its corporate seal given to the party or parties so in default to terminate its or their rights under this agreement, and in that event the party or parties so in default shall and will forfeit to the Canadian Northern all its rights under this agreement, but notwithstanding such termination the party or parties so in default shall continue liable to the Canadian Northern with respect to all payments and matters under this agreement prior to such termination. Provided, however, that if only one of the parties is in default to the Canadian Northern in respect of payments under clause 13, the other party whether the Grand Trunk Pacific or the Government, as the case may be, may make the payments so in default so as to prevent any forfeiture of rights under this clause and the party making such payments shall be entitled to recover the same from the party so in default.

45. The parties shall at the present session of the Parliament of Canada promote and facilitate the passage of an Act confirming this agreement and declaring the same valid and effectual in all respects and authorizing and empowering the parties to carry out and enforce the terms thereof; and extending the powers of the Canadian Northern with reference to the issue of bonds, debentures, or other securities so that it may issue and secure the same from time to time to the amounts sufficient to raise the moneys required for the expenditure to be made by it from time to time under this agreement in addition to the present powers conferred upon the company, and it is understood that this agreement is entered into and these presents executed conditionally upon such legislative sanction being secured.

46. Should it be found in practice that cases and events which may arise or happen have not been provided for in this agreement, it is agreed that in any such case or event the parties will consult together with a view to negotiating with fairness and candour, new or other clauses to meet the same, and to do justice and equity between the parties in respect thereof.

47. Each of the parties hereto covenants to carry out and give effect to this agreement in the most liberal and reasonable man-

ner and operate the business so as to afford facilities to each other to the fullest extent compatible with safety and the convenient operation of the business of each.

48. This agreement when confirmed by an Act of Parliament as aforesaid, shall take effect on and from the 1st day of January, 1907, and unless sooner determined under the terms hereof, this agreement shall continue in force for nine hundred and ninety-nine years from that date.

49. It is hereby expressly declared between the Grand Trunk Pacific and the Government and the understanding between them is that the payments to be made by the Government to the Canadian Northern, or otherwise under this agreement are not included in "working expenditure" as defined in clause 14 of the Agreement between the Government and the Grand Trunk Pacific dated 29th July, 1903, nor shall they be chargeable against or payable by the Grand Trunk Pacific when it becomes Lessee of the Eastern Division, as part of the working expenditure of the Eastern Division under clause 20 of the last mentioned agreement.

But it is agreed between the Grand Trunk Pacific and the Government, that in the lease of the Eastern Division the interest of the Government under this agreement in the joint terminals shall be transferred to the Grand Trunk Pacific upon the following terms.

(*a*) Prior to the execution of the lease of the Eastern Division to the Grand Trunk Pacific, the compensation payable by the Government to the Canadian Northern under clauses 13 (*a*) and (*b*) shall be paid by the Commissioners and form part of the cost of construction within the meaning and for the purposes of the said agreement of 29th July, 1903.

(*b*) For the first seven years of the lease, the said compensation payable by the Government shall not be carried to capital account or cost of construction or be otherwise chargeable against the Grand Trunk Pacific, but shall be borne wholly by the Government.

(*c*) For the next succeeding forty-three years, the Grand Trunk Pacific, by way of rental, shall re-pay annually to the Government the amount of said compensation payable by it to the Canadian Northern. Provided that if, under the operation of clause 20 of the Agreement of 29th July, 1903, there shall be in any one or more of the first three years of the said period of forty-three years, a certain proportion of the rental of the Eastern Division under the general lease thereof by the Government carried to capital account, there shall be a corresponding proportion of the said compensation in respect of the Government's interest in the joint terminals carried to capital account. Provided that the payments to the Government under this sub-clause "(*c*)" shall at the option of the Government be made by the Grand Trunk Pacific direct to the Canadian Northern in discharge of the Government's liability to the last named company under clause 13 hereof, and such payments to the Canadian Northern on account of the Government shall be good and sufficient and a discharge of the obligation of the Grand Trunk Pacific to the Government under this sub-clause to the extent of such payments.

In all other respects the provisions of the last mentioned agreement shall apply to the interest in the joint terminals acquired by the Government hereunder and such interest shall be incorporated with and form an integral part of the Eastern Division for all the purposes of that agreement.

In witness whereof, this agreement has been duly executed by the parties.

AT THE GOVERNMENT HOUSE AT OTTAWA.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor in Council, in virtue of the provisions of chapter 68, Revised Statutes of Canada, intituled " The Census and Statistics Act ", is pleased to give authority to the Minister of Agriculture to collect for the current year statistics of the farms, live stock, and field crops of the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island ;

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

DEPARTMENT OF AGRICULTURE.

CENSUS AND STATISTICS OFFICE.

OTTAWA, July, 1907.

Circular letter to the farmers of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island.

This Office is undertaking under authority of the Census and Statistics Act and of an Order of the Governor General in Council to collect for the current year statistics of the farms, live stock and field crops of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, according to the schedule printed on the other side of this card.

In Ontario we are cooperating with the Bureau of Industries of the Provincial Department of Agriculture, which has been employed for the last twenty-five years collecting information and publishing reports on the same line, and in that province this schedule will serve the object of both governments. In the other four provinces, where no local office exists for gathering agricultural statistics, the whole work of collecting, compiling and publishing will be conducted by this office. Later in the season reports will be obtained from correspondents in all townships and parishes of the average yields of field crops, for use in computing the total yields of the crops, and the results will be printed and published by counties and provinces for general distribution.

The law makes it the duty of every person who receives through the Post Office or otherwise a schedule of the Census and Statistics Office approved by the Governor General in Council to fill out and return it to the Office within a specified time. In the present instance you are requested to do so within one week from the date of receiving the card. Enter your name,

address and locality in the first four blanks, and the figures of land areas, live stock and acres of field crops in the columns of the three tables following : enclose the card in the envelope addressed to this Office, seal the envelope and mail it ; it is postage free.

Your part of the work need not occupy an hour of your time, and if done and done promptly it will enable this Office to make a report showing in an authentic way the present state of agriculture in the five provinces, and their growth in that industry since the taking of the last census of the Dominion six years ago.

The information given on your card will be treated as confidential, and will not be used for taxation or any other object than for the compilation into totals for counties.

(Signed) ARCHIBALD BLUE,
Chief Officer.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 11th day of March, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had under consideration a Memorial of the Commissioner of the Yukon Territory in Council in which it is represented that section 66 of the North-west Territories Act, by which, in its application to the Territory, provision is made for the summary trial by a judge of the Territorial Court, without a jury, of certain indictable offences, is not adapted to the needs of the Territory.

The Memorial prays that the Yukon Territory Act be so amended as to do away with the procedure provided by the said section, and that legislation be enacted that will make Part LV of the Criminal Code, 1892, relating to Summary Trials for indictable offences, apply to the Territory without the limitations of the said section 66.

The Minister of Justice, to whom the said Memorial was referred, states that Part LV of the Code already applies to the Yukon Territory, as will be seen upon reference to section 782 of the Code. The scope of this Part, however, is, in its general provisions, very limited. It applies only to certain indictable offences of minor importance specified in Section 783.

There is, however, in the Part a section (785, as enacted by Ch. 46 of 1900) which vests in certain magistrates of a higher class a much wider jurisdiction extending to all offences which may be tried at a Court of General Sessions of the Peace, and the Minister presumes that the aim of the Commissioner in Council is to have the provisions of this section extended to the judges and police magistrates of the territory.

The Minister submits that he sees no objection to an amendment which would have this effect and he recommends that such an amendment be included in any general Bill for the amendment of the Code which may be introduced during the present session.

The Minister further submits with regard to the repeal of section 66 of the North-west Territories Act that he is at present advised and without further explanations from the Commissioner in Council is inclined to think that there can be no harm in the retention of the procedure provided by that section in addition to that purposed to be granted as above indicated. For an offence within the purview of section 66 the judge may without the prisoner's consent try him in the summary manner prescribed, while the consent of the accused to be tried summarily and without a jury under section 785 of the Code is a condition precedent to such trial, and the Minister conceives that it may sometimes be advantageous to proceed in this summary manner independent of any consent on the part of the prisoner.

The Committee concurring advise that the substance hereof be communicated to the Commissioner of the Yukon Territory for the information of his Council.

46–4 Acting Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA

Thursday, the 9th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to make and doth hereby make the following Regulations for the disposal of coal mining rights, the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west

Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half ($3\frac{1}{2}$) million acres of land acquired by the Dominion Government from the said Province of British Columbia under the provisions of Chapter 59 of the Revised Statutes of Canada, 1906.

1. The coal mining rights which are the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres of land acquired by the Dominion Government from the Province of British Columbia under Chapter 59 of the Revised Statutes of Canada, 1906, may be leased for a term of twenty-one years at an annual rental of $1.00 per acre, payable yearly in advance.

2. No applicant shall be allowed to lease more than an area of 2560 acres.

3. The tract applied for, if situated in surveyed territory shall consist of sections or legal subdivisions of sections, but the several parcels comprising the tract must be contiguous, and the whole area applied for shall not exceed four miles in its greatest dimension. In unsurveyed territory, if the tract applied for is so situated as to admit of a definite description by sections and legal subdivisions of sections being furnished, an application for coal mining rights may be considered under the provisions of this section.

4. Applications for such coal mining rights shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated, or with a sub-agent for such district for transmission by the agent to the Department of the Interior, but priority of application shall be based upon the date of the receipt of such application in the office of the agent of Dominion Lands for the district. The application shall contain a description by section, part of section, township and range of the tract applied for.

5. If the coal mining rights which an applicant desires to lease are situated in unsurveyed territory, application therefor shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated or with a sub-agent for such district for transmission by the agent to the Department of the Interior, and the applicant shall have the option in making his application, to comply with the requirements of either of the following sections numbered 6 and 7.

6. The application shall contain a description by metes and bounds of the tract applied for, and shall be accompanied by a plan showing the position of such tract in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the tract applied for being definitely shown in the records of the Department. Such tract must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth, and the boundaries thereof shall be due north and south and due east and west lines.

The application shall be accompanied by evidence, supported by affidavit, to show that the following requirements have been fully complied with :—

(*a*) That the tract applied for has been duly defined on the ground by planting a wooden post at least four inches square, and standing not less than four feet above the ground, at one angle or corner of the said tract ;

(*b*) Upon such post shall be inscribed the name of the applicant, the date of the location, the angle represented by the post, and the length and direction of the boundaries of the tract applied for. Thus : A. B.'s coal mining location, N.E. corner (meaning North East corner), this claim extends three miles west and one mile south from this post, or as the case may be.

(*c*) That a written or printed notice has been posted on a conspicuous part of the tract applied for setting out the intention of the applicant to apply, within thirty days from the date of such notice, for a lease of the coal mining rights under the said tract.

7. If the applicant desires to follow as nearly as may be a coal seam which he may have discovered, instead of following the procedure set out in the preceding paragraph, application may be made for a lease of the coal mining rights under a tract along such seam, the total length of the tract not to exceed 21,120 feet, and the length not to exceed four times the breadth. All angles shall be right angles except in cases where a boundary line of a previously located tract is adopted as common to both locations, but the boundaries need not necessarily be due north and south and due east and west lines.

(*a*) The tract shall be marked by two wooden posts at least four inches square and standing not less than four feet above the ground, placed as nearly as possible on the line of the seam, and these posts shall be numbered 1 and 2. The distance between posts No. 1 and 2 shall not exceed 21,120 feet and upon the posts shall be inscribed the name of the applicant and the date of the location. Upon post No. 1 there shall be written in addition to the foregoing "Initial Post," the approximate compass bearing of post No. 2, and a statement of the number of feet lying to the right and to the left of the line between post No. 1 and post No. 2. Thus : Initial post, direction of post No. 2 is..... feet lie to the right and.....feet to the left of the line between....post No. 1 and post No. 2.

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2 so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

(*b*) All the particulars required to be inscribed on Posts No. 1 and No. 2 shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the tract being shown definitely on the records of the Department.

(*c*) A written or printed notice shall be posted on a conspicuous part of the tract applied for, setting out the intention of the applicant to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said tract.

(*d*) The application shall be accompanied by evidence, supported by affidavit, in due form, to show that the above requirements of the regulations have been fully complied with.

[Examples of various modes of laying out coal locations under section 7 of these regulations.]

8. Application for a lease of the local mining rights under lands situated in unsurveyed territory shall be filed with the Agent of Dominion Lands for the district in which the tract applied for is situated, or with the Sub-Agent for such district, within thirty days from the date upon which the tract applied for was located, otherwise it will not be considered.

Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of such township so surveyed and confirmed shall be made to conform to the Dominion Lands System of survey, by the substitution of a new lease describing by sections, legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be the tract embraced in the leasehold, in so far as the township so surveyed is concerned.

The balance of the leasehold which may still be in unsurveyed territory shall continue to be described as in the lease originally issued, until such portion is included in a confirmed survey.

10. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portions which in accordance with such confirmed survey are found to be the property of the Hudson's Bay Company.

11. The lease shall include the coal mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of $10.00 an acre whatever area of the available surface rights thereof the Minister may consider necessary for the efficient and economical working of the coal mining rights granted under such lease.

12. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of the Department of the Interior to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased by notification from time to time, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

13. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

14. The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

15. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $1.75 per ton, and the lease issued for coal rights shall be made subject to such provision.

16. A fee of $5.00 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

17. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

18. In addition to the rent, a royalty, at the rate of 5 cents per ton of 2,000 pounds, will be levied and collected on the merchantable output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of merchantable coal mined, and pay the royalty thereon at the above rate.

19. Every lessee of coal mining rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

20. Default in payment of the royalty, or in furnishing the returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded, by the Agent of Dominion Lands or by his direction, may be followed by cancellation of the lease, or the imposition of a fine in the discretion of the Minister of the Interior.

21. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statements of the amount taken out, may, in the discretion of the Minister, be punished by fine, or by the cancellation of the lease in respect of which fraud or false statement has been committed or made. In respect to the facts as to such fraud or false statements or non-payment of royalty or failure to furnish returns, the decision of the Minister of the Interior shall be final.

22. When the lessee of the coal mining rights of land cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, the area of the surface to be so acquired, its exact position, or the amount of the compensation to be awarded, he may apply to the Minister of the Interior for permission to submit the matter in dispute to arbitration, and upon receiving such permission in writing it shall be lawful for him to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the owner, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the Province or Territory, twenty days, and if out of the Province or Territory, thirty days, before the expiration of the time limited in such notice. If the owner or agent or occupant refuses or declines to appoint an arbitrator, or when, for any other reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

23. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably require for the efficient and economical operation of the rights and privileges granted him under his lease and the area thereof, and they shall proceed to make a valuation of such portion.

24. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

25. In case the arbitrators cannot agree they may elect a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

26. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

27. The arbitrators shall be entitled to be paid a per idem allowance of $5.00 together with necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne in equal parts by the lessee and the owner of the surface rights.

18. Every pilot when on board and in charge of any vessel as such pilot shall display a pilot flag under the ensign of such ship or in some equally conspicuous situation.

19. Any pilot may be deprived of his license, suspended, or fined, by the Pilotage Authority for any non-compliance, violation or breach of either or any of these regulations or any part of The Pilotage Act, or any neglect of duty, or evading the intent and meaning in any manner thereof, and if fined no single fine shall be for more than forty dollars, and a further sum of four dollars per day while the neglect, violation, breach, non-compliance or evasion continues, and every pilot fined shall have his license suspended until such has been paid, and any pilot may be deprived of his license for drunkenness or incompetency or age or disqualifying mental or bodily infirmity.

45–3 Acting Clerk of the Privy Council.

[Ref. 1,378,845.]

AT THE GOVERNMENT HOUSE AT OTTAWA

Wednesday, the 3rd day of April, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 8th February, 1907, from the Minister of the Interior, stating that Mr. Temple Frederick Sinclair, of New Westminster, in the month of November, 1888, purchased the fractional S. $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ of Section 22, Township 40, east Coast Meridian, containing forty-six acres, at $5 per acre, for stone quarrying purposes, letters patent therefor having been issued on the 1st June, 1889. It subsequently transpired, however, that the land conveyed by this grant did not cover the stone quarry the applicant intended to secure, and in connection with this he represented that he had expended $14,000, such stone quarry being in reality situated on a portion of the N.W. $\frac{1}{4}$ of the said Section 22. He therefore, requested that the mistake be rectified by the issue of a correct patent and it appears that this request would have been granted at the time as there was no doubt that a mistake had been made in describing the land upon which the quarry was situated as the S. $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ of the section in question which had been patented to Mr. Sinclair, instead of part of the N.W. $\frac{1}{4}$ of the said section, had not Mr. F. J. Coulthard and Mr. A. G. Gamble protested against this action being taken. These two persons, however, have since assigned any claim they might have had in the property to Mr. Sinclair.

The Minister further states that by Order in Council dated the 18th March, 1899, the whole of the fractional N.W. $\frac{1}{4}$ of the said Section 22 and part of the N.E. $\frac{1}{4}$ thereof lying west of Pitt River were reserved to be used by the Department of Public Works for quarrying purposes but the Department of Public Works now intimates that it has come to an arrangement with Mr. Sinclair whereby any objection to the correction of the mistake which had been made in the description of the land in the letters patent to him is removed ; and that the Order in Council of the 18th March, 1899, already referred to may be considered to be no longer required.

The Minister is of the opinion, in view of the facts above mentioned, that the said Order in Council of the 18th March, 1899, should be rescinded and that the land containing the quarry should be patented to Mr. Sinclair upon his surrendering to the Crown, free of all encumbrances, the land which was patented to him in error and upon his furnishing the Department of the Interior with a proper description of the part of the N. W. $\frac{1}{4}$ containing the quarry.

The Minister, therefore, recommends that the Order in Council of the 18th March, 1899, be rescinded and that a grant be made to Mr. Sinclair of the portion of the N.W. $\frac{1}{4}$ of the said Section 22, Township 40, east Coast Meridian, containing the quarry, upon a satisfactory description thereof being furnished the Minister of the Interior.

The Committee submit the same for approval.

45-4 Acting Clerk of the Privy Council.

(77) CAUTION WHEN APPROACHING BRITISH PORTS.

The British Board of Trade have issued a caution with reference to the approach to naval ports within the empire. As three Canadian ports are included in the list of localities, the notice is reproduced for the information of Canadian mariners, as follows :—

Circumstances may arise in which it might be necessary on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the Naval ports at night. This is to give notice that on approaching the shores of Great Britain, or any British Dependency, if search lights are observed to be in constant operation the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port or that the entrances may be altogether closed and the examining service may be in force. In the event of relations becoming strained between this country and any Naval Power an examining service will come into force at all the ports in the U. K. and H. M. Possessions abroad, mentioned at the end of this notice. Masters are warned that before attempting to enter any of these ports, they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and alloting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examining Officer. The institution of an Examining service at any port will never be publicly advertised, but at all times when the relations of Great Britain with Foreign Powers are known to be in a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp lookout for the Examining steamer, and to be ready to "bring to" at once when hailed by her or warned by her firing a gun. If an entrance to a port is closed three *red* lights vertical, by night, or three *red* balls, by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by lookout vessels in the offing. If the Examining service is in force the Examining steamer will be distinguished at night :—(*a*) when the port is closed, by three *red* lights vertical. (*b*) When the port is open by three *white* lights vertical. The Pilots attached to the ports will be acquainted with the regulations to be followed.

(79) HALIFAX HARBOUR—MCNAB ISLAND—GOVERNMENT RIFLE RANGES.

The usual annual notice has been issued by the Deputy Assistant Adjutant General, Halifax Garrison Command, with reference to the resumption of target practice on McNab island, to begin on 1st May, 1907, as follows :—

Owing to the extreme range of the Lee-Metford or magazine rifle with which the musketry training of troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys placed at intervals between Thrumcap shoal and Eastern passage, at a distance of 3,000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab island is left flying.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

BUREAU DU RECENSEMENT ET DES STATISTIQUES.

OTTAWA, juillet 1907.

Lettre circulaire aux cultivateurs d'Ontario, de Québec, du Nouveau-Brunswick, de la Nouvelle-Ecosse et de l'Ile du Prince-Edouard.

Ce Bureau entreprend, en vertu des dispositions de la Loi du recensement et des statistiques et d'un arrêté du Gouverneur général en conseil, de recueillir pour l'année courante les statistiques des fermes, du bétail et des récoltes d'Ontario, Nouveau-Brunswick, Nouvelle-Ecosse et Ile du Prince-Edouard conformément au tableau imprimé sur l'autre côté de cette carte.

Dans l'Ontario nous coopérons avec le Bureau des Industries du département provincial de l'Agriculture, qui s'est occupé durant les vingt-cinq dernières années à recueillir des renseignements et à publier des rapports à ce sujet, et ce tableau servira à l'objet des deux gouvernements. Dans les quatre autres provinces, où il n'existe pas de bureau local chargé de recueillir les statistiques agricoles, tout le travail du recueillement, de compilation et de publication sera fait par le Bureau ici. Plus tard dans la saison, des rapports seront obtenus des correspondants dans tous les townships et paroisses concernant les rendements moyens des récoltes, et les résultats seront imprimés et publiés par les comtés et les provinces pour distribution générale.

Chaque personne qui reçoit par la poste ou d'autre manière un tableau du Bureau du Recensement et des Statistiques approuvé par le Gouverneur général en conseil est obligée de le remplir et de le renvoyer au bureau sous un certain délai. Dans le cas actuel vous êtes requis de le faire sous une semaine à compter du jour où vous recevrez la carte. Inscrivez vos nom, adresse et localité dans les quatre premiers blancs, et les chiffres des étendues de terre, bétail et des acres en culture, dans les colonnes des trois tables suivantes ; mettez la carte dans l'enveloppe adressée à ce bureau, scellez l'enveloppe et déposez à la poste ; le tout est franc de port.

Votre part du travail ne doit pas occuper une heure de votre temps, et s'il est fait et fait promptement ce Bureau sera mis en état de faire un rapport indiquant d'une façon authentique l'état actuel de l'agriculture dans les cinq provinces, et leur progrès dans cette industrie depuis le dernier recensement du Dominion six ans passés.

Le renseignement donné sur votre carte sera traité comme confidentiel, et ne sera pas employé pour la taxation ou pour d'autre objet que la compilation en totaux pour les comtés.

(1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément a l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 14th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

HIS Excellency, by and with the advice of the King's Privy Council for Canada, is pleased to order that the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory established by the Order in Council of the 18th January, 1898, and amendments thereto made by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following substituted in lieu thereof.

1. For the purposes of these regulations,—"Minister means the Minister of the Interior,—"River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Gold Commissioner shall be the Judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations :

"River Bed" means the bed and bars of the river to the foot of the naturel banks.

2. The Minister may issue leases granting the exclusive right to dredge for gold, silver, and platinum in the bed of any river in the Yukon Territory.

3. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

4. Every lessee under these regulations, or under the regulations hereby rescinded, shall have the exclusive right to dredge the river bed within the length of river leased to him.

5. Not more than one lease shall be issued in favour of one person.

6. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of the Interior within six months after receipt by the lessee of such direction and instructions.

7. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewable, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined ; that the lessee has, during the term of his lease, efficiently operated the leasehold ; and that he has otherwise complied fully with the provisions of the regulations in that behalf.

8. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

9. Every lease shall be deemed to be issued subject to the rights of all persons who received entries for claims under the provisions of the Yukon Placer Mining Act, or under former regulations, prior to the issue of such lease.

10. The lessee shall, within three years from the date of the lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon the leasehold, and shall furnish proof of the efficient operation of such dredge for not less than forty days of ten hours each, in every year after the third year from the date of the lease. Unless such proof is furnished yearly, or at such times as the Minister may direct, the Minister may declare the lease to be null and void.

11. The lessee shall pay for the first year a rental of $100.00 for each mile of river leased to him, and for each subsequent year a rental of $10.00 for each mile.

12. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

13. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

14. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. Failure to remove within the time set out in the said notice, the impediment or obstruction complained of, or the continuance of such impediment or obstruction, may be punished by a fine or by the cancellation of the lease as the Minister directs.

15. The lease shall provide that any person who has received or who may receive entry under the Yukon Placer Mining Act or former regulations shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a wing or wing-dam within 1,000 feet from the place where any dredge is being operated or to obstruct or interfere in any way with the operation of any dredge.

16. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

17. These regulations shall not restrict any rights which have been granted under former regulations.

THE Governor in Council, in virtue of the provisions of chapter 68, Revised Statutes of Canada, intituled "The Census and Statistics Act", is pleased to give authority to the Minister of Agriculture to collect for the current year statistics of the farms, live stock, and field crops of the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island ;

DEPARTMENT OF AGRICULTURE.

CENSUS AND STATISTICS OFFICE.

OTTAWA, July, 1907.

Circular letter to the farmers of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island.

This Office is undertaking under authority of the Census and Statistics Act and of an Order of the Governor General in Council to collect for the current year statistics of the farms, live stock and field crops of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, according to the schedule printed on the other side of this card.

In Ontario we are cooperating with the Bureau of Industries of the Provincial Department of Agriculture, which has been employed for the last twenty-five years collecting information and publishing reports on the same line, and in that province this schedule will serve the object of both governments. In the other four provinces, where no local office exists for gathering agricultural statistics, the whole work of collecting, compiling and publishing will be conducted by this office. Later in the season reports will be obtained from correspondents in all townships and parishes of the average yields of field crops, for use in computing the total yields of the crops, and the results will be printed and published by counties and provinces for general distribution.

The law makes it the duty of every person who receives through the Post Office or otherwise a schedule of the Census and Statistics Office approved by the

Governor General in Council to fill out and return it to the Office within a specified time. In the present instance you are requested to do so within one week from the date of receiving the card. Enter your name, address and locality in the first four blanks, and the figures of land areas, live stock and acres of field crops in the columns of the three tables following : enclose the card in the envelope addressed to this Office, seal the envelope and mail it ; it is postage free.

Your part of the work need not occupy an hour of your time, and if done and done promptly it will enable this Office to make a report showing in an authentic way the present state of agriculture in the five provinces, and their growth in that industry since the taking of the last census of the Dominion six years ago.

The information given on your card will be treated as confidential, and will not be used for taxation or any other object than for the compilation into totals for counties.

Chief Officer.

AT THE GOVERNMENT HOUSE AT OTTAWA

Thursday, the 9th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to make and doth hereby make the following Regulations for the disposal of coal mining rights, the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west

Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half (3½) million acres of land acquired by the Dominion Government from the said Province of British Columbia under the provisions of Chapter 59 of the Revised Statutes of Canada, 1906.

1. The coal mining rights which are the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres of land acquired by the Dominion Government from the Province of British Columbia under Chapter 59 of the Revised Statutes of Canada, 1906, may be leased for a term of twenty-one years at an annual rental of $1.00 per acre, payable yearly in advance.

2. No applicant shall be allowed to lease more than an area of 2560 acres.

3. The tract applied for, if situated in surveyed territory shall consist of sections or legal subdivisions of sections, but the several parcels comprising the tract must be contiguous, and the whole area applied for shall not exceed four miles in its greatest dimension. In unsurveyed territory, if the tract applied for is so situated as to admit of a definite description by sections and legal subdivisions of sections being furnished, an application for coal mining rights may be considered under the provisions of this section.

4. Applications for such coal mining rights shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated, or with a sub-agent for such district for transmission by the agent to the Department of the Interior, but priority of application shall be based upon the date of the receipt of such application in the office of the agent of Dominion Lands for the district. The application shall contain a description by section, part of section, township and range of the tract applied for.

5. If the coal mining rights which an applicant desires to lease are situated in unsurveyed territory, application therefor shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated or with a sub-agent for such district for transmission by the agent to the Department of the Interior, and the applicant shall have the option in making his application, to comply with the requirements of either of the following sections numbered 6 and 7.

6. The application shall contain a description by metes and bounds of the tract applied for, and shall be accompanied by a plan showing the position of such tract in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the tract applied for being definitely shown in the records of the Department. Such tract must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth, and the boundaries thereof shall be due north and south and due east and west lines.

The application shall be accompanied by evidence, supported by affidavit, to show that the following requirements have been fully complied with :—

(*a*) That the tract applied for has been duly defined on the ground by planting a wooden post at least four inches square, and standing not less than four feet above the ground, at one angle or corner of the said tract ;

(*b*) Upon such post shall be inscribed the name of the applicant, the date of the location, the angle represented by the post, and the length and direction of the boundaries of the tract applied for. Thus : A. B.'s coal mining location, N.E. corner (meaning North East corner), this claim extends three miles west and one mile south from this post, or as the case may be.

(*c*) That a written or printed notice has been posted on a conspicuous part of the tract applied for setting out the intention of the applicant to apply, within thirty days from the date of such notice, for a lease of the coal mining rights under the said tract.

7. If the applicant desires to follow as nearly as may be a coal seam which he may have discovered, instead of following the procedure set out in the preceding paragraph, application may be made for a lease of the coal mining rights under a tract along such seam, the total length of the tract not to exceed 21,120 feet, and the length not to exceed four times the breadth. All angles shall be right angles except in cases where a boundary line of a previously located tract is adopted as common to both locations, but the boundaries need not necessarily be due north and south and due east and west lines.

(*a*) The tract shall be marked by two wooden posts at least four inches square and standing not less than four feet above the ground, placed as nearly as possible on the line of the seam, and these posts shall be numbered 1 and 2. The distance between posts No. 1 and 2 shall not exceed 21,120 feet and upon the posts shall be inscribed the name of the applicant and the date of the location. Upon post No. 1 there shall be written in addition to the foregoing "Initial Post," the approximate compass bearing of post No. 2, and a statement of the number of feet lying to the right and to the left of the line between post No. 1 and post No. 2. Thus : Initial post, direction of post No. 2 is..... feet lie to the right and.....feet to the left of the line between....post No. 1 and post No. 2.

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2 so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

(*b*) All the particulars required to be inscribed on Posts No. 1 and No. 2 shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the tract being shown definitely on the records of the Department.

(*c*) A written or printed notice shall be posted on a conspicuous part of the tract applied for, setting out the intention of the applicant to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said tract.

(*d*) The application shall be accompanied by evidence, supported by affidavit, in due form, to show that the above requirements of the regulations have been fully complied with.

[Examples of various modes of laying out coal locations under section 7 of these regulations.]

8. Application for a lease of the local mining rights under lands situated in unsurveyed territory shall be filed with the Agent of Dominion Lands for the district in which the tract applied for is situated, or with the Sub-Agent for such district, within thirty days from the date upon which the tract applied for was located, otherwise it will not be considered.

Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of such township so surveyed and confirmed shall be made to conform to the Dominion Lands System of survey, by the substitution of a new lease describing by sections, legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be the tract embraced in the leasehold, in so far as the township so surveyed is concerned.

The balance of the leasehold which may still be in unsurveyed territory shall continue to be described as in the lease originally issued, until such portion is included in a confirmed survey.

10. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portions which in accordance with such confirmed survey are found to be the property of the Hudson's Bay Company.

11. The lease shall include the coal mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of $10.00 an acre whatever area of the available surface rights thereof the Minister may consider necessary for the efficient and economical working of the coal mining rights granted under such lease.

12. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of the Department of the Interior to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased by notification from time to time, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

13. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

14. The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

15. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $1.75 per ton, and the lease issued for coal rights shall be made subject to such provision.

16. A fee of $5.00 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

17. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

18. In addition to the rent, a royalty, at the rate of 5 cents per ton of 2,000 pounds, will be levied and collected on the merchantable output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of merchantable coal mined, and pay the royalty thereon at the above rate.

19. Every lessee of coal mining rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

20. Default in payment of the royalty, or in furnishing the returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded, by the Agent of Dominion Lands or by his direction, may be followed by cancellation of the lease, or the imposition of a fine in the discretion of the Minister of the Interior.

21. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statements of the amount taken out, may, in the discretion of the Minister, be punished by fine, or by the cancellation of the lease in respect of which fraud or false statement has been committed or made. In respect to the facts as to such fraud or false statements or non-payment of royalty or failure to furnish returns, the decision of the Minister of the Interior shall be final.

22. When the lessee of the coal mining rights of land cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, the area of the surface to be so acquired, its exact position, or the amount of the compensation to be awarded, he may apply to the Minister of the Interior for permission to submit the matter in dispute to arbitration, and upon receiving such permission in writing it shall be lawful for him to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the owner, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the Province or Territory, twenty days, and if out of the Province or Territory, thirty days, before the expiration of the time limited in such notice. If the owner or agent or occupant refuses or declines to appoint an arbitrator, or when, for any other reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

23. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably require for the efficient and economical operation of the rights and privileges granted him under his lease and the area thereof, and they shall proceed to make a valuation of such portion.

24. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

25. In case the arbitrators cannot agree they may elect a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

26. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

27. The arbitrators shall be entitled to be paid a per diem allowance of $5.00 together with necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne in equal parts by the lessee and the owner of the surface rights.

AT THE GOVERNMENT HOUSE AT OTTAWA

Wednesday, the 3rd day of April, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 8th February, 1907, from the Minister of the Interior, stating that Mr. Temple Frederick Sinclair, of New Westminster, in the month of November, 1888, purchased the fractional S. $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ of Section 22, Township 40, east Coast Meridian, containing forty-six acres, at $5 per acre, for stone quarrying purposes, letters patent therefor having been issued on the 1st June, 1889. It subsequently transpired, however, that the land conveyed by this grant did not cover the stone quarry the applicant intended to secure, and in connection with this he represented that he had expended $14,000, such stone quarry being in reality situated on a portion of the N.W. $\frac{1}{4}$ of the said Section 22. He therefore, requested that the mistake be rectified by the issue of a correct patent and it appears that this request would have been granted at the time as there was no doubt that a mistake had been made in describing the land upon which the quarry was situated as the S. $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ of the section in question which had been patented to Mr. Sinclair, instead of part of the N.W. $\frac{1}{4}$ of the said section, had not Mr. F. J. Coulthard and Mr. A. G. Gamble protested against this action being taken. These two persons, however, have since assigned any claim they might have had in the property to Mr. Sinclair.

The Minister further states that by Order in Council dated the 18th March, 1899, the whole of the fractional N.W. $\frac{1}{4}$ of the said Section 22 and part of the N.E. $\frac{1}{4}$ thereof lying west of Pitt River were reserved to be used by the Department of Public Works for quarrying purposes but the Department of Public Works now intimates that it has come to an arrangement with Mr. Sinclair whereby any objection to the correction of the mistake which had been made in the description of the land in the letters patent to him is removed ; and that the Order in Council of the 18th March, 1899, already referred to may be considered to be no longer required.

The Minister is of the opinion, in view of the facts above mentioned, that the said Order in Council of the 18th March, 1899, should be rescinded and that the land containing the quarry should be patented to Mr. Sinclair upon his surrendering to the Crown, free of all encumbrances, the land which was patented to him in error and upon his furnishing the Department of the Interior with a proper description of the part of the N. W. ¼ containing the quarry.

The Minister, therefore, recommends that the Order in Council of the 18th March, 1899, be rescinded and that a grant be made to Mr. Sinclair of the portion of the N.W. ¼ of the said Section 22, Township 40, east Coast Meridian, containing the quarry, upon a satisfactory description thereof being furnished the Minister of the Interior.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,
45–4 Acting Clerk of the Privy Council.

Wednesday, the 3rd day of April, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 4th March, 1907, from the Minister of the Interior, recommending for the reasons therein stated that he be authorized to issue scrip for $240, redeemable in the purchase of Dominion Lands at its face value, or at the option of the claimant, for 240 acres of Dominion Lands of the class open for entry as homesteads in settlement of the claim of Mrs. Annabella Jane Pruden, daughter of George Brown and Harriet Lucier, and wife of Louis Pruden, of Beaver Lake, who submitted evidence at Victoria, Alberta, on 3rd September, 1900, before the Half-breed Claims Commission to share in the grant of scrip which had been authorized to the Half-breeds of the North-west Territories, but whose claim was then disallowed.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,
44–4 Acting Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAAW.

Monday, the 11th day of March, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had under consideration a Memorial of the Commissioner of the Yukon Territory in Council in which it is represented that section 66 of the North-west Territories Act, by which, in its application to the Territory, provision is made for the summary trial by a judge of the Territorial Court, without a jury, of certain indictable offences, is not adapted to the needs of the Territory.

The Memorial prays that the Yukon Territory Act be so amended as to do away with the procedure provided by the said section, and that legislation be enacted that will make Part LV of the Criminal Code, 1892, relating to Summary Trials for indictable offences, apply to the Territory without the limitations of the said section 66.

The Minister of Justice, to whom the said Memorial was referred, states that Part LV of the Code already applies to the Yukon Territory, as will be seen upon reference to section 782 of the Code. The scope of this Part, however, is, in its general provisions, very limited. It applies only to certain indictable offences of minor importance specified in Section 783.

There is, however, in the Part a section (785, as enacted by Ch. 46 of 1900) which vests in certain magistrates of a higher class a much wider jurisdiction extending to all offences which may be tried at a Court of General Sessions of the Peace, and the Minister presumes that the aim of the Commissioner in Council is to have the provisions of this section extended to the judges and police magistrates of the territory.

The Minister submits that he sees no objection to an amendment which would have this effect and he recommends that such an amendment be included in any general Bill for the amendment of the Code which may be introduced during the present session.

The Minister further submits with regard to the repeal of section 66 of the North-west Territories Act that he is at present advised and without further explanations from the Commissioner in Council is inclined to think that there can be no harm in the retention of the procedure provided by that section in addition to that purposed to be granted as above indicated. For an offence within the purview of section 66 the judge may without the prisoner's consent try him in the summary manner prescribed, while the consent of the accused to be tried summarily and without a jury under section 785 of the Code is a condition precedent to such trial, and the Minister conceives that it may sometimes be advantageous to proceed in this summary manner independent of any consent on the part of the prisoner.

The Committee concurring advise that the substance hereof be communicated to the Commissioner of the Yukon Territory for the information of his Council.

RODOLPHE BOUDREAU,
46–4 Acting Clerk of the Privy Council.

GENERAL.

(77) CAUTION WHEN APPROACHING BRITISH PORTS.

The British Board of Trade have issued a caution with reference to the approach to naval ports within the empire. As three Canadian ports are included in the list of localities, the notice is reproduced for the information of Canadian mariners, as follows :—

Circumstances may arise in which it might be necessary on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the Naval ports at night. This is to give notice that on approaching the shores of Great Britain, or any British Dependency, if search lights are observed to be in constant operation the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port or that the entrances may be altogether closed and the examining service may be in force. In the event of relations becoming strained between this country and any Naval Power an examining service will come into force at all the ports in the U. K. and H. M. Possessions abroad, mentioned at the end of this notice. Masters are warned that before attempting to enter any of these ports, they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and alloting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examining Officer. The institution of an Examining service at any port will never be publicly advertised, but at all times when the relations of Great Britain with Foreign Powers are known to be in a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp lookout for the Examining steamer, and to be ready to "bring to" at once when hailed by her or warned by her firing a gun. If an entrance to a port is closed three *red* lights vertical, by night, or three *red* balls, by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by lookout vessels in the offing. If the Examining service is in force the Examining steamer will be distinguished at night :—(*a*) when the port is closed, by three *red* lights vertical. (*b*) When the port is open by three *white* lights vertical. The Pilots attached to

the ports will be acquainted with the regulations to be followed.

(79) HALIFAX HARBOUR—MCNAB ISLAND—GOVERNMENT RIFLE RANGES.

The usual annual notice has been issued by the Deputy Assistant Adjutant General, Halifax Garrison Command, with reference to the resumption of target practice on McNab island, to begin on 1st May, 1907, as follows :—

Owing to the extreme range of the Lee-Metford or magazine rifle with which the musketry training of troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys placed at intervals between Thrumcap shoal and Eastern passage, at a distance of 3,000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab island is left flying.

THE SENATE.

Substance of Rules of the Senate relating to Notices and Applications for Bills of Divorce.

As Revised and brought in force 22nd March, 1906.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties ; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session, the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called " the respondent. "

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee as sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893.*

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information :—

(*1*) The petitioner's residence at the time of service.

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give :—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

Jeudi, le 9e jour de mai 1907.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Il plaît au Gouverneur général en conseil de faire les règlements ci-dessous concernant la concession de droits miniers de houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu des dispositions du chapitre 59 des Statuts revisés du Canada, 1906.

1. Les droits d'extraire de la houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu du chapitre 59 des Statuts revisés du Canada, 1906, peuvent être affermés pour une durée de vingt-et-un ans, moyennant une rente annuelle de $1.00 par acre, payable annuellement d'avance.

2. Aucun requérant ne pourra prendre à bail plus que 2,560 acres.

3. Si la région demandée est située dans un territoire arpenté, elle sera composée de sections ou subdivisions légales de sections, mais les divers lopins composant la région devront être contigus, et toute l'étendue demandée ne devra pas excéder quatre milles dans sa plus grande dimension. Dans un territoire non arpenté, si la région demandée est située de telle manière qu'une description définie puisse être fournie par sections et subdivisions légales de sections, une demande de droits miniers de houille pourra être admise en vertu des dispositions du présent article.

4. Les demandes de ces droits d'extraire de la houille doivent être déposées au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises par l'agent au ministère de l'Intérieur, mais la priorité d'une demande dépendra de la date où cette demande aura été reçue au bureau de l'agent des terres fédérales pour le district. La demande devra contenir une description par section, partie de section, township et rang de la région demandée.

5. Si les droits miniers de houille qu'un requérant désire affermer sont situés dans un territoire non

arpenté, la demande sera déposée au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises au ministère de l'Intérieur par l'agent, et en faisant sa demande le requérant sera libre de se conformer à l'un ou l'autre des articles numérotés 6 et 7 ci-dessous.

6. La demande devra contenir une description par tenants et aboutissants de la région demandée, et devra être accompagnée d'un plan indiquant la position de cette région relativement à quelque éminence topographique ou autre point connu. Le plan contiendra assez de données pour permettre que la situation de la région demandée soit bien définie dans les archives du ministère. Cette région devra être de forme rectangulaire, sauf là où la borne d'une région déjà délimitée est adoptée pour servir de borne commune à deux concessions, la longueur ne devant pas excéder quatre fois la largeur, et les lignes de bornage seront vrai nord et sud et vrai est et ouest.

La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions suivantes ont été exactement remplies :—

(*a*) Que la région demandée a été dûment définie sur le terrain en plantant un poteau de bois d'au moins quatre pouces carrés, et sortant d'au moins quatre pieds de terre, à un angle ou coin de la dite région ;

(*b*) Sur ce poteau seront inscrits le nom du requérant, la date de la délimitation, l'angle représenté par le poteau, et la longueur et la direction des bornes de la région demandée. Ainsi : concession minière de A.B., angle N.E. (c'est-à-dire angle nord-est), ce claim s'étend trois milles à l'ouest et un mille au sud de ce poteau, selon le cas ;

(*c*) Qu'un avis écrit ou imprimé a été affiché sur une partie bien visible de la région demandée énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille au-dessous de la dite région.

7. Si le requérant désire suivre aussi près que possible un filon de houille qu'il a découvert au lieu d'adopter la procédure établie par le paragraphe précédent, il peut demander un bail pour extraire de la houille en dessous d'une région le long de ce filon, dont la longueur totale n'excèdera pas 21,120 pieds, et la longueur ne devra pas excéder quatre fois la largeur. Tous les angles devront être à angles droits, sauf là où la ligne de bornage d'une région déjà déterminée est adoptée commune à deux emplacements, mais les bornes ne seront pas nécessairement vrai nord et sud et vrai est et ouest.

(*a*) La région sera marquée par deux poteaux de bois d'au moins quatre pouces carrés et sortant de terre d'au moins quatre pieds, placés aussi près que possible sur la ligne du filon, et ces poteaux seront numérotés 1 et 2. La distance entre les poteaux numéros 1 et 2 n'excédera pas 21,120 pieds, et sur les poteaux seront inscrits le nom du requérant et la date de la délimitation. Sur le poteau No 1 sera inscrit en sus de ce qui précède : " Poteau initial," le relèvement approximatif du poteau No. 2, et un état du nombre de pieds sis à droite et à gauche de la ligne entre le poteau No 1 et le poteau No 2. Ainsi : " Poteau initial, la direction du poteau No 2 est..... pieds sis à droite et..... pieds à gauche de la ligne entre le poteau No 1 et le poteau No. 2."

Lorsque la région qu'un requérant désire a été délimité il marquera immédiatement la ligne entre le poteau No 1 et le poteau No 2, afin qu'elle puisse être bien visible, dans un endroit boisé, en marquant les arbres et coupant les broussailles, et dans les endroits où il n'y a ni arbres ni broussailles il plantera des poteaux des dimensions spécifiées plus haut, ou érigera des monticules de terre ou de pierre d'au moins deux pieds de hauteur et deux pieds de diamètre à la base, de façon que la ligne soit bien visible.

(*b*) Tous les détails qui doivent être inscrits sur les poteaux No 1 et No 2 seront énoncés dans la demande, et seront accompagnés d'un plan indiquant la situation de la région relativement à quelque éminence topographique ou autre point connu, ce plan contiendra assez de données pour permettre que la région soit exactement définie dans les archives du ministère.

(*c*) Un avis écrit ou imprimé sera affiché sur une partie bien visible de la région demandée, énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille en dessous de la dite région.

(*d*) La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions ci-dessus ont été exactement remplies :—

(Exemples des divers modes de tracer des concessions houillères en vertu l'article 7 des présents règlements)

8. Les demandes d'un bail de droits miniers locaux en dessous de terrains situés dans un territoire non arpenté seront déposées au bureau de l'agent des terres fédéraies pour le district dans lequel est située la région demandée, ou au bureau du sous-agent pour le district, sous trente jours à compter de la date à laquelle la région demandée est délimitée, autrement elle ne sera pas prise en considération.

Lorsque deux personnes ou plus réclament la même concession, ou des parties des mêmes concessions, le droit d'acquérir un bail appartiendra à celui qui prouvera à la satisfaction du Ministre qu'il était le premier en possession de la région en litige au moyen de la délimitation prescrite par les présents règlements, et qu'il a demandé un bail pour cette région sous le délai spécifié.

9. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux miniers comprenant toute partie de ce township ainsi arpenté et confirmé seront rendus conformes au système géodésique fédéral, par la substitution d'un nouveau bail décrivant par sections, subdivisions légales de sections, ou parties régulières de subdivisions aussi près que possible, la région renfermée dans le bail, en tant qu'il s'agit du township ainsi arpenté.

La balance du bail qui restera dans le territoire non arpenté continuera d'être décrite comme dans le bail primitivement délivré, jusqu'à ce que cette dite partie soit incluse dans un arpentage confirmé.

10. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux houillers comprenant une partie quelconque du township ainsi arpenté et confirmé seront assujétis au retrait du bail, sans compensation aux locataires, de toutes parties qui conformément à cet arpentage seront trouvées être la propriété de la Compagnie de la Baie d'Hudson.

11. Le bail ne comprendra que les droits miniers de houille, mais le locataire pourra, sur demande, acheter au taux de $10 l'acre toute étendue des droits de surface disponibles que le Ministre jugera nécessaires pour l'exploitation efficace et économique des droits miniers de houille accordés en vertu de ce bail.

12. Le locataire commencera des opérations actives sur sa concession sous un an de la date à laquelle il sera averti de le faire par l'officier compétent du ministère de l'Intérieur, et produira de ces opérations la quantité de houille spécifiée dans le dit avis. Cet avis ne sera pas donné avant l'expiration d'au moins un an à compter de la date du bail, et énoncera la quantité de houille que le locataire est tenu d'extraire et produire à la bouche du puits prête à être expédiée, mais cette quantité pourra toutefois être augmentée par avis de temps à autre, mais la quantité maximun à extraire ne devra jamais excéder dix tonnes par année pour chaque acre affermé. Si les opérations ne sont pas commencées dans le délai spécifié dans l'avis, ou si la quantité requise de houille n'est pas extraite durant chaque année, le bail sera passible d'être annulé à la discrétion du Ministre.

13. Le locataire ne devra pas céder, transférer ou sous-louer les droits décrits dans son bail, ou toute partie d'iceux, sans le consentement par écrit du Ministre.

14. Les limites souterraines d'une concession houillère correspondront en lignes verticales avec les lignes tirées à la surface.

15. Tous les baux de droits miniers de houille délivrés en vertu des présents règlements seront subordonnés à la condition que les colons réels auront droit d'acheter à la bouche du puits toute la houille dont ils peuvent avoir besoin pour leur propre usage, mais non pour vente ou trafic, à un prix n'excédant pas $1.75 par

tonne, et le bail délivré pour droits houillers comportera cette stipulation.

16. Un honoraire de $5 devra accompagner chaque demande d'un bail, et cet honoraire sera remboursé si les droits demandés ne sont pas disponibles, mais non autrement.

17. Le bail sera en la forme prescrite par le ministre de l'Intérieur, conformément aux dispositions des présent règlements.

18. En sus de la rente, un droit régalien au taux de 5 cents par tonne de 2,000 livres, sera prélevé et perçu sur le rendement marchand de la mine, et il faudra que la personne qui exploite une mine fournisse à l'agent des terres fédérales un état assermenté, mensuellement, aux dates que fixera le ministre de l'Intérieur, de la quantité marchande de houille extraite, et qu'il paie le droit régalien au taux ci-dessus.

19. Chaque locataire de droits miniers de houille qui ne sont pas en voie d'exploitation fournira à l'agent des terres fédérales un état assermenté à cet effet au moins une fois par année.

20. Le défaut de payer le droit régalien, ou de fournir les états, dans les trente jours après que l'avis a été affiché à la mine, ou à un endroit bien visible sur la propriété au sujet de laquelle ce paiement est demandé par l'agent des terres fédérales, ou par ses ordres, entraînera l'annulation du bail, ou l'imposition d'une amende, au choix du ministre de l'Intérieur.

21. Toute tentative de frauder la Couronne en cachant une partie quelconque du revenu établi, ou en faisant de faux états du montant extrait, entraînera une amende ou l'annulation du bail au sujet duquel la fraude ou le faux état a été commise ou fait, au choix du Ministre. Quant aux faits concernant cette fraude, ou ces faux états ou non-paiement du droit régalien ou défaut de faire des rapports, la décision du Ministre sera définitive.

22. Lorsque le locataire des droits miniers de houille ne peut s'entendre avec le propriétaire des droits de surface, ou son agent, ou l'occupant du terrain, pour l'acquisition de la partie des droits de surface nécessaire à l'opération efficace et économique des droits acquis en vertu de son bail, l'étendue de la surface à acquérir, sa situation exacte, ou le montant de la compensation à adjuger, il pourra s'adresser au ministre de l'Intérieur pour avoir la permission de soumettre le différend en question à l'arbitrage, et en recevant cette permission par écrit il lui sera loisible de donner avis au propriétaire ou son agent ou à l'occupant de nommer un arbitre pour agir de concert avec un autre arbitre nommé par lui, à l'effet de fixer la compensation à laquelle le propriétaire ou occupant a droit. L'avis mentionné ici sera selon une formule qu'on peut obtenir de l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, et, lorsque possible, cet avis sera signifié en personne à tel propriétaire, ou son agent, s'il est connu, ou occupant ; et après avoir fait des efforts raisonnables pour signifier l'avis à la personne même, alors cet avis sera signifié en le laissant, ou l'envoyant par lettre enregistrée, à la dernière résidence du propriétaire, agent ou occupant ou en en affichant une copie dans le bureau de l'agent des terres fédérales pour le district dans lequel est situé le terrain en question. Cet avis sera signifié, si le propriétaire ou agent réside dans le district dans lequel sont situés les terrains, dix jours, s'ils sont en dehors du district et dans la province ou territoire, vingt jours, et s'ils sont en dehors de la province ou territoire, trente jours, avant l'expiration du temps fixé dans cet avis. Si le propriétaire refuse ou néglige de nommer un arbitre ou lorsque, pour quelque autre raison, le propriétaire ne nomme pas d'arbitre à l'époque fixée à cette fin dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel les terrains en question sont situés devra, sur affidavit que cet avis est parvenu à la connaissance de ce propriétaire, agent ou occupant, ou que ce propriétaire, agent ou occupant élude volontairement la signification de cet avis, ou ne peut être trouvé, et que des efforts raisonnables ont été faits pour effectuer cette signification, et que l'avis a été laissé au dernier domicile de ce propriétaire, agent ou occupant, nommer un arbitre pour lui.

23. Tous les arbitres nommés sous l'empire des présents règlements prêteront serment devant un juge de paix qu'ils rempliront impartialement les devoirs qui leur seront assignés, et après avoir dûment considéré les droits du propriétaire et les besoins du locataire, ils décideront quelle partie particulière des droits de surface le locataire peut raisonnablement avoir besoin pour l'exploitation efficace et économique des droits et privilèges qui lui sont accordés par son bail et l'étendue de cette partie particulière, et ils procèderont à en faire l'évaluation.

24. En faisant cette évaluation, les arbitres détermineront la valeur du terrain sans égard à la plus-value causée par la présence des minéraux en icelui.

25. Dans le cas où ces arbitres ne pourraient s'entendre, ils pourront choisir un tiers-arbitre, et lorsque les deux arbitres ne pourront s'entendre sur un tiers arbitre, l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, choisira ce tiers-arbitre.

26. La sentence de deux arbitres rendue par écrit, sera finale, et sera déposée au bureau de l'agent des terres fédérales pour le district où sont situés les terrains.

27. Les arbitres auront droit de recevoir une allocation de $5.00 par jour, ainsi que les frais de route et d'hôtellerie nécessaires tant qu'ils seront engagés dans l'arbitrage, et les frais de cet arbitrage seront supportés par parts égales par le locataire et le propriétaire des droits de surface.

IL plaît au Gouverneur en conseil, en vertu des dispositions du chapitre 68 des Statuts revisés du Canada, intitulé " Loi du recensement et des statistiques ", d'autoriser le ministre de l'Agriculture à recueillir pour l'année courante les statistiques des fermes, du bétail, et des récoltes dans les provinces d'Ontario, Québec, Nouveau-Brunswick, Nouvelle-Ecosse et Ile du Prince-Edouard ;

MINISTÈRE DE L'AGRICULTURE.

BUREAU DU RECENSEMENT ET DES STATISTIQUES.

OTTAWA, juillet 1907.

Lettre circulaire aux cultivateurs d'Ontario, de Québec, du Nouveau-Brunswick, de la Nouvelle-Ecosse et de l'Ile du Prince-Edouard.

Ce Bureau entreprend, en vertu des dispositions de la Loi du recensement et des statistiques et d'un arrêté du Gouverneur général en conseil, de recueillir pour l'année courante les statistiques des fermes, du bétail et des récoltes d'Ontario, Nouveau-Brunswick, Nouvelle-Ecosse et Ile du Prince-Edouard conformément au tableau imprimé sur l'autre côté de cette carte.

Dans l'Ontario nous coopérons avec le Bureau des Industries du département provincial de l'Agriculture, qui s'est occupé durant les vingt-cinq dernières années à recueillir des renseignements et à publier des rapports à ce sujet, et ce tableau servira à l'objet des deux gouvernements. Dans les quatre autres provinces, où il n'existe pas de bureau local chargé de recueillir les statistiques agricoles, tout le travail du recueillement, de compilation et de publication sera fait par le Bureau ici. Plus tard dans la saison, des rapports seront obtenus des correspondants dans tous les townships et paroisses concernant les rendements moyens des récoltes, et les résultats seront imprimés et publiés par les comtés et les provinces pour distribution générale.

Chaque personne qui reçoit par la poste ou d'autre manière un tableau du Bureau du Recensement et des Statistiques approuvé par le Gouverneur général en conseil est obligée de le remplir et de le renvoyer au bureau sous un certain délai. Dans le cas actuel vous êtes requis de le faire sous une semaine à compter du jour où vous recevrez la carte. Inscrivez vos nom, adresse et localité dans les quatre premiers blancs, et les chiffres des étendues de terre, bétail et des acres en culture, dans les colonnes des trois tables suivantes ; mettez la carte dans l'enveloppe adressée à ce bureau, scellez l'enveloppe et déposez à la poste ; le tout est franc de port.

Votre part du travail ne doit pas occuper une heure de votre temps, et s'il est fait et fait promptement ce Bureau sera mis en état de faire un rapport indiquant d'une façon authentique l'état actuel de l'agriculture dans les cinq provinces, et leur progrès dans cette industrie depuis le dernier recensement du Dominion six ans passés.

Le renseignement donné sur votre carte sera traité comme confidentiel, et ne sera pas employé pour la taxation ou pour d'autre objet que la compilation en totaux pour les comtés.

87. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

88. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de (cinq) dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

Taxes supplémentaires.

Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir :—

5. Lorsqu'un bill a pour objet d'augmenter les pouvoirs de contracter des emprunts d'une compagnie sans aucune augmentation du capital social, la taxe supplémentaire sera de $300.00.

6. S'il est apporté quelque changement dans le capital social projeté d'une compagnie, ou s'il y est fait aucune augmentation à une phase quelconque d'un bill, le dit bill ne passera pas à la phase suivante tant qu'il n'aura pas été déposé un certificat du fonctionnaire qu'il appartient attestant que le versement des taxes résultant de ce changement a été régulièrement effectué,

THOMAS B. FLINT,
Greffier de la Chambre des Communes.

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément a l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada,* il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal,*—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone,*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques,* dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt,* ou une *compagnie industrielle,* sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis,* que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

Greffier du Sénat.

[Ref. 8,570]

AT THE GOVERNMENT HOUSE AT OTTAWA

Thursday, the 9th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to make and doth hereby make the following Regulations for the disposal of coal mining rights, the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half (3½) million acres of land acquired by the Dominion Government from the said Province of British Columbia under the provisions of Chapter 59 of the Revised Statutes of Canada, 1906.

1. The coal mining rights which are the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres of land acquired by the Dominion Government from the Province of British Columbia under Chapter 59 of the Revised Statutes of Canada, 1906, may be leased for a term of twenty-one years at an annual rental of $1.00 per acre, payable yearly in advance.

2. No applicant shall be allowed to lease more than an area of 2560 acres.

3. The tract applied for, if situated in surveyed territory shall consist of sections or legal subdivisions of sections, but the several parcels comprising the tract must be contiguous, and the whole area applied for shall not exceed four miles in its greatest dimension. In unsurveyed territory, if the tract applied for is so situated as to admit of a definite description by sections and legal subdivisions of sections being furnished, an application for coal mining rights may be considered under the provisions of this section.

4. Applications for such coal mining rights shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated, or with a sub-agent for such district for transmission by the agent to the Department of the Interior, but priority of application shall be based upon the date of the receipt of such application in the office of the agent of Dominion Lands for the district. The application shall contain a description by section, part of section, township and range of the tract applied for.

5. If the coal mining rights which an applicant desires to lease are situated in unsurveyed territory, application therefor shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated or with a sub-agent for such district for transmission by the agent to the Department of the Interior, and the applicant shall have the option in making his application, to comply with the requirements of either of the following sections numbered 6 and 7.

6. The application shall contain a description by metes and bounds of the tract applied for, and shall be accompanied by a plan showing the position of such tract in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the tract applied for being definitely shown in the records of the Department. Such tract must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth, and the boundaries thereof shall be due north and south and due east and west lines.

The application shall be accompanied by evidence, supported by affidavit, to show that the following requirements have been fully complied with :—

(*a*) That the tract applied for has been duly defined on the ground by planting a wooden post at least four inches square, and standing not less than four feet above the ground, at one angle or corner of the said tract ;

(*b*) Upon such post shall be inscribed the name of the applicant, the date of the location, the angle represented by the post, and the length and direction of the boundaries of the tract applied for. Thus : A. B.'s coal mining location, N.E. corner (meaning North East corner), this claim extends three miles west and one mile south from this post, or as the case may be.

(*c*) That a written or printed notice has been posted on a conspicuous part of the tract applied for setting out the intention of the applicant to apply, within thirty days from the date of such notice, for a lease of the coal mining rights under the said tract.

7. If the applicant desires to follow as nearly as may be a coal seam which he may have discovered, instead of following the procedure set out in the preceding paragraph, application may be made for a lease of the coal mining rights under a tract along such seam, the total length of the tract not to exceed 21,120 feet, and the length not to exceed four times the breadth. All angles shall be right angles except in cases where a boundary line of a previously located tract is adopted as common to both locations, but the boundaries need not necessarily be due north and south and due east and west lines.

(*a*) The tract shall be marked by two wooden posts at least four inches square and standing not less than four feet above the ground, placed as nearly as possible on the line of the seam, and these posts shall be numbered 1 and 2. The distance between posts No. 1 and 2 shall not exceed 21,120 feet and upon the posts shall be inscribed the name of the applicant and the date of the location. Upon post No. 1 there shall be written in addition to the foregoing "Initial Post," the approximate compass bearing of post No. 2, and a statement of the number of feet lying to the right and to the left of the line between post No. 1 and post No. 2. Thus: Initial post, direction of post No. 2 is..... feet lie to the right and.....feet to the left of the line between....post No. 1 and post No. 2.

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2 so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

(*b*) All the particulars required to be inscribed on Posts No. 1 and No. 2 shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the tract being shown definitely on the records of the Department.

(*c*) A written or printed notice shall be posted on a conspicuous part of the tract applied for, setting out the intention of the applicant to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said tract.

(*d*) The application shall be accompanied by evidence, supported by affidavit, in due form, to show that the above requirements of the regulations have been fully complied with.

[Examples of various modes of laying out coal locations under section 7 of these regulations.]

8. Application for a lease of the local mining rights under lands situated in unsurveyed territory shall be filed with the Agent of Dominion Lands for the district in which the tract applied for is situated, or with the Sub-Agent for such district, within thirty days from the date upon which the tract applied for was located, otherwise it will not be considered.

Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of such township so surveyed and confirmed shall be made to conform to the Dominion Lands System of survey, by the substitution of a new lease describing by sections, legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be the tract embraced in the leasehold, in so far as the township so surveyed is concerned.

The balance of the leasehold which may still be in unsurveyed territory shall continue to be described as in the lease originally issued, until such portion is included in a confirmed survey.

10. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portions which in accordance with such confirmed survey are found to be the property of the Hudson's Bay Company.

11. The lease shall include the coal mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of $10.00 an acre whatever area of the available surface rights thereof the Minister may consider necessary for the efficient and economical working of the coal mining rights granted under such lease.

12. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of the Department of the Interior to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased by notification from time to time, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

13. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

14. The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

15. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $1.75 per ton, and the lease issued for coal rights shall be made subject to such provision.

16. A fee of $5.00 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

17. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

18. In addition to the rent, a royalty, at the rate of 5 cents per ton of 2,000 pounds, will be levied and collected on the merchantable output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of merchantable coal mined, and pay the royalty thereon at the above rate.

19. Every lessee of coal mining rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

20. Default in payment of the royalty, or in furnishing the returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded, by the Agent of Dominion Lands or by his direction, may be followed by cancellation of the lease, or the imposition of a fine in the discretion of the Minister of the Interior.

21. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statements of the amount taken out, may, in the discretion of the Minister, be punished by fine, or by the cancellation of the lease in respect of which fraud or false statement has been committed or made. In respect to the facts as to such fraud or false statements or non-payment of royalty or failure to

furnish returns, the decision of the Minister of the Interior shall be final.

22. When the lessee of the coal mining rights of land cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, the area of the surface to be so acquired, its exact position, or the amount of the compensation to be awarded, he may apply to the Minister of the Interior for permission to submit the matter in dispute to arbitration, and upon receiving such permission in writing it shall be lawful for him to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the owner, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the Province or Territory, twenty days, and if out of the Province or Territory, thirty days, before the expiration of the time limited in such notice. If the owner or agent or occupant refuses or declines to appoint an arbitrator, or when, for any other reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

23. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably require for the efficient and economical operation of the rights and privileges granted him under his lease and the area thereof, and they shall proceed to make a valuation of such portion.

24. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

25. In case the arbitrators cannot agree they may elect a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

26. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

27. The arbitrators shall be entitled to be paid a per diem allowance of $5.00 together with necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne in equal parts by the lessee and the owner of the surface rights.

RODOLPHE BOUDREAU,
47–4 Clerk of the Privy Council.

[Ref. 8,736]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 14th day of May, 1907.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

HIS Excellency, by and with the advice of the King's Privy Council for Canada, is pleased to order that the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory established by the Order in Council of the 18th January, 1898, and amendments thereto made by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following substituted in lieu thereof.

1. For the purposes of these regulations,—"Minister means the Minister of the Interior,—"River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Gold Commissioner shall be the Judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations:

"River Bed" means the bed and bars of the river to the foot of the naturel banks.

2. The Minister may issue leases granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Yukon Territory.

3. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

4. Every lessee under these regulations, or under the regulations hereby rescinded, shall have the exclusive right to dredge the river bed within the length of river leased to him.

5. Not more than one lease shall be issued in favour of one person.

6. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of the Interior within six months after receipt by the lessee of such direction and instructions.

7. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewable, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined ; that the lessee has, during the term of his lease, efficiently operated the leasehold ; and that he has otherwise complied fully with the provisions of the regulations in that behalf.

8. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

9. Every lease shall be deemed to be issued subject to the rights of all persons who received entries for claims under the provisions of the Yukon Placer Mining Act, or under former regulations, prior to the issue of such lease.

10. The lessee shall, within three years from the date of the lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon the leasehold, and shall furnish proof of the efficient operation of such dredge for not less than forty days of ten hours each, in every year after the third year from the date of the lease. Unless such proof is furnished yearly, or at such times as the Minister may direct, the Minister may declare the lease to be null and void.

11. The lessee shall pay for the first year a rental of $100.00 for each mile of river leased to him, and for each subsequent year a rental of $10.00 for each mile.

12. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

13. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

14. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. Failure to remove within the time set out in the said notice, the impediment or obstruction complained of, or the continuance of such impediment or obstruction, may be punished by a fine or by the cancellation of the lease as the Minister directs.

15. AT THE GOVERNMENT HOUSE AT OTTAWA

Wednesday, the 3rd day of April, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 8th February, 1907, from the Minister of the Interior, stating that Mr Temple Frederick Sinclair, of New Westminster, in the month of November, 1888, purchased the fractional S. ½ of the S.W. ¼ of Section 22, Township 40, east Coast Meridian, containing forty-six acres, at $5 per acre, for stone quarrying purposes, letters patent therefor having been issued on the 1st June, 1889. It subsequently transpired, however, that the land conveyed by this grant did not cover the stone quarry the applicant intended to secure, and in connection with this he represented that he had expended $14,000, such stone quarry being in reality situated on a portion of the N.W. ¼ of the said Section 22. He therefore, requested that the mistake be rectified by the issue of a correct patent and it appears that this request would have been granted at the time as there was no doubt that a mistake had been made in describing the land upon which the quarry was situated as the S. ½ of the S.W. ¼ of the section in question which had been patented to Mr. Sinclair, instead of part of the N.W. ¼ of the said section, had not Mr. F. J. Coulthard and Mr. A. G. Gamble protested against this action being taken. These two persons, however, have since assigned any claim they might have had in the property to Mr. Sinclair.

The Minister further states that by Order in Council dated the 18th March, 1899, the whole of the fractional N.W. ¼ of the said Section 22 and part of the N.E. ¼ thereof lying west of Pitt River were reserved to be used by the Department of Public Works for quarrying purposes but the Department of Public Works now intimates that it has come to an arrangement with Mr. Sinclair whereby any objection to the correction of the mistake which had been made in the description of the land in the letters patent to him is removed ; and that the Order in Council of the 18th March, 1899, already referred to may be considered to be no longer required.

The Minister is of the opinion, in view of the facts above mentioned, that the said Order in Council of the 18th March, 1899, should be rescinded and that the land containing the quarry should be patented to Mr. Sinclair upon his surrendering to the Crown, free of all encumbrances, the land which was patented to him in error and upon his furnishing the Department of the Interior with a proper description of the part of the N. W. ¼ containing the quarry.

The Minister, therefore, recommends that the Order in Council of the 18th March, 1899, be rescinded and that a grant be made to Mr. Sinclair of the portion of the N.W. ¼ of the said Section 22, Township 40, east Coast Meridian, containing the quarry, upon a satisfactory description thereof being furnished the Minister of the Interior.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,
45-4 Acting Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAAW.

Monday, the 11th day of March, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had under consideration a Memorial of the Commissioner of the Yukon Territory in Council in which it is represented that section 66 of the North-west Territories Act, by which, in its application to the Territory, provision is made for the summary trial by a judge of the Territorial Court, without a jury, of certain indictable offences, is not adapted to the needs of the Territory.

The Memorial prays that the Yukon Territory Act be so amended as to do away with the procedure provided by the said section, and that legislation be enacted that will make Part LV of the Criminal Code, 1892, relating to Summary Trials for indictable offences, apply to the Territory without the limitations of the said section 66.

The Minister of Justice, to whom the said Memorial was referred, states that Part LV of the Code already applies to the Yukon Territory, as will be seen upon reference to section 782 of the Code. The scope of this Part, however, is, in its general provisions, very limited. It applies only to certain indictable offences of minor importance specified in Section 783.

There is, however, in the Part a section (785, as enacted by Ch. 46 of 1900) which vests in certain magistrates of a higher class a much wider jurisdiction extending to all offences which may be tried at a Court of General Sessions of the Peace, and the Minister presumes that the aim of the Commissioner in Council is to have the provisions of this section extended to the judges and police magistrates of the territory.

The Minister submits that he sees no objection to an amendment which would have this effect and he recommends that such an amendment be included in any general Bill for the amendment of the Code which may be introduced during the present session.

The Minister further submits with regard to the repeal of section 66 of the North-west Territories Act that he is at present advised and without further explanations from the Commissioner in Council is inclined to think that there can be no harm in the retention of the procedure provided by that section in addition to that purposed to be granted as above indicated. For an offence within the purview of section 66 the judge may without the prisoner's consent try him in the summary manner prescribed, while the consent of the accused to be tried summarily and without a jury under section 785 of the Code is a condition precedent to such trial, and the Minister conceives that it may sometimes be advantageous to proceed in this summary manner independent of any consent on the part of the prisoner.

The Committee concurring advise that the substance hereof be communicated to the Commissioner of the Yukon Territory for the information of his Council.

46-4 Acting Clerk of the Privy Council.

NOTICE TO MARINERS

No. 29 of 1907.

GENERAL.

(77) CAUTION WHEN APPROACHING BRITISH PORTS.

(Reprinted from Notice No. 27.)

The British Board of Trade have issued a caution with reference to the approach to naval ports within the empire. As three Canadian ports are included in the list of localities, the notice is reproduced for the information of Canadian mariners, as follows :—

Circumstances may arise in which it might be necessary on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the Naval ports at night. This is to give notice that on approaching the shores of Great Britain, or any British Dependency, if search lights are observed to be in constant operation the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port or that the entrances may be altogether closed and the examining service may be in force. In the event of relations becoming strained between this country and any Naval Power an examining service will come into force at all the ports in the U. K. and H. M. Possessions abroad, mentioned at the end of this notice. Masters are warned that before attempting to enter any of these ports, they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and alloting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examining Officer. The institution of an Examining service at any port will never be publicly advertised, but at all times when the relations of Great Britain with Foreign Powers are known to be in a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp lookout for the Examining steamer, and to be ready to "bring to" at once when hailed by her or warned by her firing a gun. If an entrance to a port is closed three *red* lights vertical, by night, or three *red* balls, by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by lookout vessels in the offing. If the Examining service is in force the Examining steamer will be distinguished at night :—(*a*) when the port is closed, by three *red* lights vertical. (*b*) When the port is open by three *white* lights vertical. The Pilots attached to the ports will be acquainted with the regulations to be followed.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

Jeudi, le 9e jour de mai 1907.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil de faire les règlements ci-dessous concernant la concession de droits miniers de houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu des dispositions du chapitre 59 des Statuts revisés du Canada, 1906.

1. Les droits d'extraire de la houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu du chapitre 59 des Statuts revisés du Canada, 1906, peuvent être affermés pour une durée de vingt-et-un ans, moyennant une rente annuelle de $1.00 par acre, payable annuellement d'avance.

2. Aucun requérant ne pourra prendre à bail plus que 2,560 acres.

3. Si la région demandée est située dans un territoire arpenté, elle sera composée de sections ou subdivisions légales de sections, mais les divers lopins composant la région devront être contigus, et toute l'étendue demandée ne devra pas excéder quatre milles dans sa plus grande dimension. Dans un territoire non arpenté, si la région demandée est située de telle manière qu'une description définie puisse être fournie par sections et subdivisions légales de sections, une demande de droits miniers de houille pourra être admise en vertu des dispositions du présent article.

4. Les demandes de ces droits d'extraire de la houille doivent être déposées au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises par l'agent au ministère de l'Intérieur, mais la priorité d'une demande dépendra de la date où cette demande aura été reçue au bureau de l'agent des terres fédérales pour le district. La demande devra contenir une description par section, partie de section, township et rang de la région demandée.

5. Si les droits miniers de houille qu'un requérant désire affermer sont situés dans un territoire non

arpenté, la demande sera déposée au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises au ministère de l'Intérieur par l'agent, et en faisant sa demande le requérant sera libre de se conformer à l'un ou l'autre des articles numérotés 6 et 7 ci-dessous.

6. La demande devra contenir une description par tenants et aboutissants de la région demandée, et devra être accompagnée d'un plan indiquant la position de cette région relativement à quelque éminence topographique ou autre point connu. Le plan contiendra assez de données pour permettre que la situation de la région demandée soit bien définie dans les archives du ministère. Cette région devra être de forme rectangulaire, sauf là où la borne d'une région déjà délimitée est adoptée pour servir de borne commune à deux concessions, la longueur ne devant pas excéder quatre fois la largeur, et les lignes de bornage seront vrai nord et sud et vrai est et ouest.

La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions suivantes ont été exactement remplies :—

(*a*) Que la région demandée a été dûment définie sur le terrain en plantant un poteau de bois d'au moins quatre pouces carrés, et sortant d'au moins quatre pieds de terre, à un angle ou coin de la dite région ;

(*b*) Sur ce poteau seront inscrits le nom du requérant, la date de la délimitation, l'angle représenté par le poteau, et la longueur et la direction des bornes de la région demandée. Ainsi : concession minière de A.B., angle N.E. (c'est-à-dire angle nord-est), ce claim s'étend trois milles à l'ouest et un mille au sud de ce poteau, selon le cas ;

(*c*) Qu'un avis écrit ou imprimé a été affiché sur une partie bien visible de la région demandée énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille au-dessous de la dite région.

7. Si le requérant désire suivre aussi près que possible un filon de houille qu'il a découvert au lieu d'adopter la procédure établie par le paragraphe précédent, il peut demander un bail pour extraire de la houille en dessous d'une région le long de ce filon, dont la longueur totale n'excèdera pas 21,120 pieds, et la longueur ne devra pas excéder quatre fois la largeur. Tous les angles devront être à angles droits, sauf là où la ligne de bornage d'une région déjà déterminée est adoptée commune à deux emplacements, mais les bornes ne seront pas nécessairement vrai nord et sud et vrai est et ouest.

(*a*) La région sera marquée par deux poteaux de bois d'au moins quatre pouces carrés et sortant de terre d'au moins quatre pieds, placés aussi près que possible sur la ligne du filon, et ces poteaux seront numérotés 1 et 2. La distance entre les poteaux numéros 1 et 2 n'excédera pas 21,120 pieds, et sur les poteaux seront inscrits le nom du requérant et la date de la délimitation. Sur le poteau No 1 sera inscrit en sus de ce qui précède : " Poteau initial," le relèvement approximatif du poteau No. 2, et un état du nombre de pieds sis à droite et à gauche de la ligne entre le poteau No 1 et le poteau No 2. Ainsi : " Poteau initial, la direction du poteau No 2 est..... pieds sis à droite et..... pieds à gauche de la ligne entre le poteau No 1 et le poteau No. 2."

Lorsque la région qu'un requérant désirea été délimité il marquera immédiatement la ligne entre le poteau No 1 et le poteau No 2, afin qu'elle puisse être bien visible, dans un endroit boisé, en marquant les arbres et coupant les broussailles, et dans les endroits où il n'y a ni arbres ni broussailles il plantera des poteaux des dimensions spécifiées plus haut, ou érigera des monticules de terre ou de pierre d'au moins deux pieds de hauteur et deux pieds de diamètre à la base, de façon que la ligne soit bien visible.

(*b*) Tous les détails qui doivent être inscrits sur les poteaux No 1 et No 2 seront énoncés dans la demande, et seront accompagnés d'un plan indiquant la situation de la région relativement à quelque éminence topographique ou autre point connu, ce plan contiendra assez de données pour permettre que la région soit exactement définie dans les archives du ministère.

(*c*) Un avis écrit ou imprimé sera affiché sur une partie bien visible de la région demandée, énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille en dessous de la dite région.

(*d*) La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions ci-dessus ont été exactement remplies :—

(Exemples des divers modes de tracer des concessions houillères en vertu l'article 7 des présents règlement)

8. Les demandes d'un bail de droits miniers locaux en dessous de terrains situés dans un territoire non arpenté seront déposées au bureau de l'agent des terres fédéraies pour le district dans lequel est située la région demandée, ou au bureau du sous-agent pour le district, sous trente jours à compter de la date à laquelle la région demandée est délimitée, autrement elle ne sera pas prise en considération.

Lorsque deux personnes ou plus réclament la même concession, ou des parties des mêmes concessions, le droit d'acquérir un bail appartiendra à celui qui prouvera à la satisfaction du Ministre qu'il était le premier en possession de la région en litige au moyen de la délimitation prescrite par les présents règlements, et qu'il a demandé un bail pour cette région sous le délai spécifié.

9. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux miniers comprenant toute partie de ce township ainsi arpenté et confirmé seront rendus conformes au système géodésique fédéral, par la substitution d'un nouveau bail décrivant par sections, subdivisions légales de sections, ou parties régulières de subdivisions aussi près que possible, la région renfermée dans le bail, en tant qu'il s'agit du township ainsi arpenté.

La balance du bail qui restera dans le territoire non arpenté continuera d'être décrite comme dans le bail primitivement délivré, jusqu'à ce que cette dite partie soit incluse dans un arpentage confirmé.

10. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux houillers comprenant une partie quelconque du township ainsi arpenté et confirmé seront assujétis au retrait du bail, sans compensation aux locataires, de toutes parties qui conformément à cet arpentage seront trouvées être la propriété de la Compagnie de la Baie d'Hudson.

11. Le bail ne comprendra que les droits miniers de houille, mais le locataire pourra, sur demande, acheter au taux de $10 l'acre toute étendue des droits de surface disponibles que le Ministre jugera nécessaires pour l'exploitation efficace et économique des droits miniers de houille accordés en vertu de ce bail.

12. Le locataire commencera des opérations actives sur sa concession sous un an de la date à laquelle il sera averti de le faire par l'officier compétent du ministère de l'Intérieur, et produira de ces opérations la quantité de houille spécifiée dans le dit avis. Cet avis ne sera pas donné avant l'expiration d'au moins un an à compter de la date du bail, et énoncera la quantité de houille que le locataire est tenu d'extraire et produire à la bouche du puits prête à être expédiée, mais cette quantité pourra toutefois être augmentée par avis de temps à autre, mais la quantité maximun à extraire ne devra jamais excéder dix tonnes par année pour chaque acre affermé. Si les opérations ne sont pas commencées dans le délai spécifié dans l'avis, ou si la quantité requise de houille n'est pas extraite durant chaque année, le bail sera passible d'être annulé à la discrétion du Ministre.

13. Le locataire ne devra pas céder, transférer ou sous-louer les droits décrits dans son bail, ou toute partie d'iceux, sans le consentement par écrit du Ministre.

14. Les limites souterraines d'une concession houillère correspondront en lignes verticales avec les lignes tirées à la surface.

15. Tous les baux de droits miniers de houille délivrés en vertu des présents règlements seront subordonnés à la condition que les colons réels auront droit d'acheter à la bouche du puits toute la houille dont ils peuvent avoir besoin pour leur propre usage, mais non pour vente ou trafic, à un prix n'excédant pas $1.75 par

tonne, et le bail délivré pour droits houillers comportera cette stipulation.

16. Un honoraire de $5 devra accompagner chaque demande d'un bail, et cet honoraire sera remboursé si les droits demandés ne sont pas disponibles, mais non autrement.

17. Le bail sera en la forme prescrite par le ministre de l'Intérieur, conformément aux dispositions des présent règlements.

18. En sus de la rente, un droit régalien au taux de 5 cents par tonne de 2,000 livres, sera prélevé et perçu sur le rendement marchand de la mine, et il faudra que la personne qui exploite une mine fournisse à l'agent des terres fédérales un état assermenté, mensuellement, aux dates que fixera le ministre de l'Intérieur, de la quantité marchande de houille extraite, et qu'il paie le droit régalien au taux ci-dessus.

19. Chaque locataire de droits miniers de houille qui ne sont pas en voie d'exploitation fournira à l'agent des terres fédérales un état assermenté à cet effet au moins une fois par année.

20. Le défaut de payer le droit régalien, ou de fournir les états, dans les trente jours après que l'avis a été affiché à la mine, ou à un endroit bien visible sur la propriété au sujet de laquelle ce paiement est demandé par l'agent des terres fédérales, ou par ses ordres, entraînera l'annulation du bail, ou l'imposition d'une amende, au choix du ministre de l'Intérieur.

21. Toute tentative de frauder la Couronne en cachant une partie quelconque du revenu établi, ou en faisant de faux états du montant extrait, entraînera une amende ou l'annulation du bail au sujet duquel la fraude ou le faux état a été commise ou fait, au choix du Ministre. Quant aux faits concernant cette fraude, ou ces faux états ou non-paiement du droit régalien ou défaut de faire des rapports, la décision du Ministre sera définitive.

22. Lorsque le locataire des droits miniers de houille ne peut s'entendre avec le propriétaire des droits de surface, ou son agent, ou l'occupant du terrain, pour l'acquisition de la partie des droits de surface nécessaire à l'opération efficace et économique des droits acquis en vertu de son bail, l'étendue de la surface à acquérir, sa situation exacte, ou le montant de la compensation à adjuger, il pourra s'adresser au ministre de l'Intérieur pour avoir la permission de soumettre le différend en question à l'arbitrage, et en recevant cette permission par écrit il lui sera loisible de donner avis au propriétaire ou son agent ou à l'occupant de nommer un arbitre pour agir de concert avec un autre arbitre nommé par lui, à l'effet de fixer la compensation à laquelle le propriétaire ou occupant a droit. L'avis mentionné ici sera selon une formule qu'on peut obtenir de l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, et, lorsque possible, cet avis sera signifié en personne à tel propriétaire, ou son agent, s'il est connu, ou occupant ; et après avoir fait des efforts raisonnables pour signifier l'avis à la personne même, alors cet avis sera signifié en le laissant, ou l'envoyant par lettre enregistrée, à la dernière résidence du propriétaire, agent ou occupant ou en en affichant une copie dans le bureau de l'agent des terres fédérales pour le district dans lequel est situé le terrain en question. Cet avis sera signifié, si le propriétaire ou agent réside dans le district dans lequel sont situés les terrains, dix jours, s'ils sont en dehors du district et dans la province ou territoire, vingt jours, et s'ils sont en dehors de la province ou territoire, trente jours, avant l'expiration du temps fixé dans cet avis. Si le propriétaire refuse ou néglige de nommer un arbitre ou lorsque, pour quelque autre raison, le propriétaire ne nomme pas d'arbitre à l'époque fixée à cette fin dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel les terrains en question sont situés devra, sur affidavit que cet avis est parvenu à la connaissance de ce propriétaire, agent ou occupant, ou que ce propriétaire, agent ou occupant élude volontairement la signification de cet avis, ou ne peut être trouvé, et que des efforts raisonnables ont été faits pour effectuer cette signification, et que l'avis a été laissé au dernier domicile de ce propriétaire, agent ou occupant, nommer un arbitre pour lui.

23. Tous les arbitres nommés sous l'empire des présents règlements prêteront serment devant un juge de paix qu'ils rempliront impartialement les devoirs qui leur seront assignés, et après avoir dûment considéré les droits du propriétaire et les besoins du locataire, ils décideront quelle partie particulière des droits de surface le locataire peut raisonnablement avoir besoin pour l'exploitation efficace et économique des droits et privilèges qui lui sont accordés par son bail et l'étendue de cette partie particulière, et ils procèderont à en faire l'évaluation.

24. En faisant cette évaluation, les arbitres détermineront la valeur du terrain sans égard à la plus-value causée par la présence des minéraux en icelui.

25. Dans le cas où ces arbitres ne pourraient s'entendre, ils pourront choisir un tiers-arbitre, et lorsque les deux arbitres ne pourront s'entendre sur un tiers arbitre, l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, choisira ce tiers-arbitre.

26. La sentence de deux arbitres rendue par écrit, sera finale, et sera déposée au bureau de l'agent des terres fédérales pour le district où sont situés les terrains.

27. Les arbitres auront droit de recevoir une allocation de $5.00 par jour, ainsi que les frais de route et d'hôtellerie nécessaires tant qu'ils seront engagés dans l'arbitrage, et les frais de cet arbitrage seront supportés par parts égales par le locataire et le propriétaire des droits de surface.

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration ; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément a l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada,* il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal,*—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone,*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques,* dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt,* ou une *compagnie industrielle,* sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis,* que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

Greffier du Sénat.

AT THE GOVERNMENT HOUSE AT OTTAWA

Thursday, the 9th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Governor General in Council is pleased to make and doth hereby make the following Regulations for the disposal of coal mining rights, the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half (3½) million acres of land acquired by the Dominion Government from the said Province of British Columbia under the provisions of Chapter 59 of the Revised Statutes of Canada, 1906.

1. The coal mining rights which are the property of the Crown in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres of land acquired by the Dominion Government from the Province of British Columbia under Chapter 59 of the Revised Statutes of Canada, 1906, may be leased for a term of twenty-one years at an annual rental of $1.00 per acre, payable yearly in advance.

2. No applicant shall be allowed to lease more than an area of 2560 acres.

3. The tract applied for, if situated in surveyed territory shall consist of sections or legal subdivisions of sections, but the several parcels comprising the tract must be contiguous, and the whole area applied for shall not exceed four miles in its greatest dimension. In unsurveyed territory, if the tract applied for is so situated as to admit of a definite description by sections and legal subdivisions of sections being furnished, an application for coal mining rights may be considered under the provisions of this section.

4. Applications for such coal mining rights shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated, or with a sub-agent for such district for transmission by the agent to the Department of the Interior, but priority of application shall be based upon the date of the receipt of such application in the office of the agent of Dominion Lands for the district. The application shall contain a description by section, part of section, township and range of the tract applied for.

5. If the coal mining rights which an applicant desires to lease are situated in unsurveyed territory, application therefor shall be filed with the agent of Dominion Lands for the district in which the rights applied for are situated or with a sub-agent for such district for transmission by the agent to the Department of the Interior, and the applicant shall have the option in making his application, to comply with the requirements of either of the following sections numbered 6 and 7.

6. The application shall contain a description by metes and bounds of the tract applied for, and shall be accompanied by a plan showing the position of such tract in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the tract applied for being definitely shown in the records of the Department. Such tract must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth, and the boundaries thereof shall be due north and south and due east and west lines.

The application shall be accompanied by evidence, supported by affidavit, to show that the following requirements have been fully complied with :—

(*a*) That the tract applied for has been duly defined on the ground by planting a wooden post at least four inches square, and standing not less than four feet above the ground, at one angle or corner of the said tract ;

(*b*) Upon such post shall be inscribed the name of the applicant, the date of the location, the angle represented by the post, and the length and direction of the boundaries of the tract applied for. Thus : A. B.'s coal mining location, N.E. corner (meaning North East corner), this claim extends three miles west and one mile south from this post, or as the case may be.

(*c*) That a written or printed notice has been posted on a conspicuous part of the tract applied for setting out the intention of the applicant to apply, within thirty days from the date of such notice, for a lease of the coal mining rights under the said tract.

7. If the applicant desires to follow as nearly as may be a coal seam which he may have discovered, instead of following the procedure set out in the preceding paragraph, application may be made for a lease of the coal mining rights under a tract along such seam, the total length of the tract not to exceed 21,120 feet, and the length not to exceed four times the breadth. All angles shall be right angles except in cases where a boundary line of a previously located tract is adopted as common to both locations, but the boundaries need not necessarily be due north and south and due east and west lines.

(*a*) The tract shall be marked by two wooden posts at least four inches square and standing not less than four feet above the ground, placed as nearly as possible on the line of the seam, and these posts shall be numbered 1 and 2. The distance between posts No. 1 and 2 shall not exceed 21,120 feet and upon the posts shall be inscribed the name of the applicant and the date of the location. Upon post No. 1 there shall be written in addition to the foregoing "Initial Post," the approximate compass bearing of post No. 2, and a statement of the number of feet lying to the right and to the left of the line between post No. 1 and post No. 2. Thus: Initial post, direction of post No. 2 is..... feet lie to the right and.....feet to the left of the line between....post No. 1 and post No. 2.

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. 1 and post No. 2 so that it can be distinctly seen, in a timbered locality by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

(*b*) All the particulars required to be inscribed on Posts No. 1 and No. 2 shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the tract being shown definitely on the records of the Department.

(*c*) A written or printed notice shall be posted on a conspicuous part of the tract applied for, setting out the intention of the applicant to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said tract.

(*d*) The application shall be accompanied by evidence, supported by affidavit, in due form, to show that the above requirements of the regulations have been fully complied with.

[Examples of various modes of laying out coal locations under section 7 of these regulations.]

8. Application for a lease of the local mining rights under lands situated in unsurveyed territory shall be filed with the Agent of Dominion Lands for the district in which the tract applied for is situated, or with the Sub-Agent for such district, within thirty days from the date upon which the tract applied for was located, otherwise it will not be considered.

Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

9. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of such township so surveyed and confirmed shall be made to conform to the Dominion Lands System of survey, by the substitution of a new lease describing by sections, legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be the tract embraced in the leasehold, in so far as the township so surveyed is concerned.

The balance of the leasehold which may still be in unsurveyed territory shall continue to be described as in the lease originally issued, until such portion is included in a confirmed survey.

10. As soon as the survey of a township has been confirmed, all coal mining leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portions which in accordance with such confirmed survey are found to be the property of the Hudson's Bay Company.

11. The lease shall include the coal mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of $10.00 an acre whatever area of the available surface rights thereof the Minister may consider necessary for the efficient and economical working of the coal mining rights granted under such lease.

12. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of the Department of the Interior to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased by notification from time to time, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

13. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

14. The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

15. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $1.75 per ton, and the lease issued for coal rights shall be made subject to such provision.

16. A fee of $5.00 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

17. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

18. In addition to the rent, a royalty, at the rate of 5 cents per ton of 2,000 pounds, will be levied and collected on the merchantable output of the mine, and it will be necessary for the person operating a mine to furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of merchantable coal mined, and pay the royalty thereon at the above rate.

19. Every lessee of coal mining rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

20. Default in payment of the royalty, or in furnishing the returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded, by the Agent of Dominion Lands or by his direction, may be followed by cancellation of the lease, or the imposition of a fine in the discretion of the Minister of the Interior.

21. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statements of the amount taken out, may, in the discretion of the Minister, be punished by fine, or by the cancellation of the lease in respect of which fraud or false statement has been committed or made. In respect to the facts as to such fraud or false statements or non-payment of royalty or failure to

furnish returns, the decision of the Minister of the Interior shall be final.

22. When the lessee of the coal mining rights of land cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, the area of the surface to be so acquired, its exact position, or the amount of the compensation to be awarded, he may apply to the Minister of the Interior for permission to submit the matter in dispute to arbitration, and upon receiving such permission in writing it shall be lawful for him to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator to act with another arbitrator named by him, in order to award the amount of compensation to which the owner or occupant shall be entitled. The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the lands in question lie, and shall, when practicable, be personally served on such owner or his agent if known, or occupant; and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to the last known place of abode of the owner, agent or occupant, and by posting a copy in the office of the Agent of Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the owner or agent resides in the district in which the land is situated, ten days, if out of the district and within the Province or Territory, twenty days, and if out of the Province or Territory, thirty days, before the expiration of the time limited in such notice. If the owner or agent or occupant refuses or declines to appoint an arbitrator, or when, for any other reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the lands in question lie shall, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent or occupant, appoint an arbitrator on his behalf.

23. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably require for the efficient and economical operation of the rights and privileges granted him under his lease and the area thereof, and they shall proceed to make a valuation of such portion.

24. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

25. In case the arbitrators cannot agree they may elect a third arbitrator, and when the two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the lands in question lie shall select such third arbitrator.

26. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the lands lie.

27. The arbitrators shall be entitled to be paid a per diem allowance of $5.00 together with necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne in equal parts by the lessee and the owner of the surface rights.

[Ref. 8,736]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 14th day of May, 1907.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

HIS Excellency, by and with the advice of the King's Privy Council for Canada, is pleased to order that the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory established by the Order in Council of the 18th January, 1898, and amendments thereto made by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following substituted in lieu thereof.

1. For the purposes of these regulations,—"Minister means the Minister of the Interior,—"River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Gold Commissioner shall be the Judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations:

"River Bed" means the bed and bars of the river to the foot of the naturel banks.

2. The Minister may issue leases granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Yukon Territory.

3. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

4. Every lessee under these regulations, or under the regulations hereby rescinded, shall have the exclusive right to dredge the river bed within the length of river leased to him.

5. Not more than one lease shall be issued in favour of one person.

6. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of the Interior within six months after receipt by the lessee of such direction and instructions.

7. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewable, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined ; that the lessee has, during the term of his lease, efficiently operated the leasehold ; and that he has otherwise complied fully with the provisions of the regulations in that behalf.

8. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

9. Every lease shall be deemed to be issued subject to the rights of all persons who received entries for claims under the provisions of the Yukon Placer Mining Act, or under former regulations, prior to the issue of such lease.

10. The lessee shall, within three years from the date of the lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon the leasehold, and shall furnish proof of the efficient operation of such dredge for not less than forty days of ten hours each, in every year after the third year from the date of the lease. Unless such proof is furnished yearly, or at such times as the Minister may direct, the Minister may declare the lease to be null and void.

11. The lessee shall pay for the first year a rental of $100.00 for each mile of river leased to him, and for each subsequent year a rental of $10.00 for each mile.

12. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

13. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

14. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. Failure to remove within the time set out in the said notice, the impediment or obstruction complained of, or the continuance of such impediment or obstruction, may be punished by a fine or by the cancellation of the lease as the Minister directs.

15. The lease shall provide that any person who has received or who may receive entry under the Yukon Placer Mining Act or former regulations shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a wing or wing-dam within 1,000 feet from the place where any dredge is being operated or to obstruct or interfere in any way with the operation of any dredge.

16. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

17. These regulations shall not restrict any rights which have been granted under former regulations.

47-4 Asst. Clerk of the Privy Council.

ON a Memorandum dated 7th May, 1907, from the Minister of the Interior, stating that, it was agreed in 1905 on behalf of the Town of Saskatchewan that a grant of part of the Police Reserve at Fort Saskatchewan, lying south of the surveyed right of way of the Canadian Northern Railway, comprising alternate blocks or lots, be granted to the Canadian Northern Railway Company for station and townsite purposes upon the following conditions :—

AT THE GOVERNMENT HOUSE AT OTTAAW.

Monday, the 11th day of March, 1907.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

THE Committee of the Privy Council have had under consideration a Memorial of the Commissioner of the Yukon Territory in Council in which it is represented that section 66 of the North-west Territories Act, by which, in its application to the Territory, provision is made for the summary trial by a judge of the Territorial Court, without a jury, of certain indictable offences, is not adapted to the needs of the Territory.

The Memorial prays that the Yukon Territory Act be so amended as to do away with the procedure provided by the said section, and that legislation be enacted that will make Part LV of the Criminal Code, 1892, relating to Summary Trials for indictable offences, apply to the Territory without the limitations of the said section 66.

The Minister of Justice, to whom the said Memorial was referred, states that Part LV of the Code already applies to the Yukon Territory, as will be seen upon reference to section 782 of the Code. The scope of this Part, however, is, in its general provisions, very limited. It applies only to certain indictable offences of minor importance specified in Section 783.

There is, however, in the Part a section (785, as enacted by Ch. 46 of 1900) which vests in certain magistrates of a higher class a much wider jurisdiction extending to all offences which may be tried at a Court of General Sessions of the Peace, and the Minister presumes that the aim of the Commissioner in Council is to have the provisions of this section extended to the judges and police magistrates of the territory.

The Minister submits that he sees no objection to an amendment which would have this effect and he recommends that such an amendment be included in any general Bill for the amendment of the Code which may be introduced during the present session.

The Minister further submits with regard to the repeal of section 66 of the North-west Territories Act that he is at present advised and without further explanations from the Commissioner in Council is inclined to think that there can be no harm in the retention of the procedure provided by that section in addition to that purposed to be granted as above indicated. For an offence within the purview of section 66 the judge may without the prisoner's consent try him in the summary manner prescribed, while the consent of the accused to be tried summarily and without a jury under section 785 of the Code is a condition precedent to such trial, and the Minister conceives that it may sometimes be advantageous to proceed in this summary manner independent of any consent on the part of the prisoner.

The Committee concurring advise that the substance hereof be communicated to the Commissioner of the Yukon Territory for the information of his Council.

RODOLPHE BOUDREAU,
46-4 Acting Clerk of the Privy Council.

GENERAL.

(77) CAUTION WHEN APPROACHING BRITISH PORTS.

(Reprinted from Notice No. 27.)

The British Board of Trade have issued a caution with reference to the approach to naval ports within the empire. As three Canadian ports are included in the list of localities, the notice is reproduced for the information of Canadian mariners, as follows :—

Circumstances may arise in which it might be necessary on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to the Naval ports at night. This is to give notice that on approaching the shores of Great Britain, or any British Dependency, if search lights are observed to be in constant operation the Naval harbours should be approached with great caution, as it may be apprehended that obstructions may exist outside the port or that the entrances may be altogether closed and the examining service may be in force. In the event of relations becoming strained between this country and any Naval Power an examining service will come into force at all the ports in the U. K. and H. M. Possessions abroad, mentioned at the end of this notice. Masters are warned that before attempting to enter any of these ports, they must, in their own interests, strictly obey all instructions given to them by the vessels which will be charged with the duty of examining ships desiring to enter the ports, and alloting positions in which the ships shall anchor. In case of fog they should on no account attempt to enter before receiving permission from the Examining Officer. The institution of an Examining service at any port will never be publicly advertised, but at all times when the relations of Great Britain with Foreign Powers are known to be in a state of tension, especial care should be taken in approaching the ports, by day or by night, to keep a sharp lookout for the Examining steamer, and to be ready to "bring to" at once when hailed by her or warned by her firing a gun. If an entrance to a port is closed three *red* lights vertical, by night, or three *red* balls, by day, will be exhibited in some conspicuous position, in or near to its approach, and as far as possible notice of this fact will be given by lookout vessels in the offing. If the Examining service is in force the Examining steamer will be distinguished at night :—(*a*) when the port is closed, by three *red* lights vertical. (*b*) When the port is open by three *white* lights vertical. The Pilots attached to the ports will be acquainted with the regulations to be followed

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, ($210.)

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

HOTEL DU GOUVERNEMENT A OTTAWA.

Jeudi, le 9e jour de mai 1907.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil de faire les règlements ci-dessous concernant la concession de droits miniers de houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu des dispositions du chapitre 59 des Statuts revisés du Canada, 1906.

1. Les droits d'extraire de la houille appartenant à la Couronne dans les provinces du Manitoba, de la Saskatchewan et d'Alberta, le territoire du Yukon, les territoires du Nord-Ouest, la zone du chemin de fer dans la province de la Colombie-Britannique, et dans la région de trois millions et demi d'acres de terre acquise de la province de la Colombie-Britannique par le gouvernement fédéral en vertu du chapitre 59 des Statuts revisés du Canada, 1906, peuvent être affermés pour une durée de vingt-et-un ans, moyennant une rente annuelle de $1.00 par acre, payable annuellement d'avance.

2. Aucun requérant ne pourra prendre à bail plus que 2,560 acres.

3. Si la région demandée est située dans un territoire arpenté, elle sera composée de sections ou subdivisions légales de sections, mais les divers lopins composant la région devront être contigus, et toute l'étendue demandée ne devra pas excéder quatre milles dans sa plus grande dimension. Dans un territoire non arpenté, si la région demandée est située de telle manière qu'une description définie puisse être fournie par sections et subdivisions légales de sections, une demande de droits miniers de houille pourra être admise en vertu des dispositions du présent article.

4. Les demandes de ces droits d'extraire de la houille doivent être déposées au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises par l'agent au ministère de l'Intérieur, mais la priorité d'une demande dépendra de la date où cette demande aura été reçue au bureau de l'agent des terres fédérales pour le district. La demande devra contenir une description par section, partie de section, township et rang de la région demandée.

5. Si les droits miniers de houille qu'un requérant désire affermer sont situés dans un territoire non

arpenté, la demande sera déposée au bureau de l'agent des terres fédérales pour le district dans lequel sont situés les droits demandés, ou au bureau du sous-agent pour le dit district afin d'être transmises au ministère de l'Intérieur par l'agent, et en faisant sa demande le requérant sera libre de se conformer à l'un ou l'autre des articles numérotés 6 et 7 ci-dessous.

6. La demande devra contenir une description par tenants et aboutissants de la région demandée, et devra être accompagnée d'un plan indiquant la position de cette région relativement à quelque éminence topographique ou autre point connu. Le plan contiendra assez de données pour permettre que la situation de la région demandée soit bien définie dans les archives du ministère. Cette région devra être de forme rectangulaire, sauf là où la borne d'une région déjà délimitée est adoptée pour servir de borne commune à deux concessions, la longueur ne devant pas excéder quatre fois la largeur, et les lignes de bornage seront vrai nord et sud et vrai est et ouest.

La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions suivantes ont été exactement remplies :—

(*a*) Que la région demandée a été dûment définie sur le terrain en plantant un poteau de bois d'au moins quatre pouces carrés, et sortant d'au moins quatre pieds de terre, à un angle ou coin de la dite région ;

(*b*) Sur ce poteau seront inscrits le nom du requérant, la date de la délimitation, l'angle représenté par le poteau, et la longueur et la direction des bornes de la région demandée. Ainsi : concession minière de A.B., angle N.E. (c'est-à-dire angle nord-est), ce claim s'étend trois milles à l'ouest et un mille au sud de ce poteau, selon le cas ;

(*c*) Qu'un avis écrit ou imprimé a été affiché sur une partie bien visible de la région demandée énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille au-dessous de la dite région.

7. Si le requérant désire suivre aussi près que possible un filon de houille qu'il a découvert au lieu d'adopter la procédure établie par le paragraphe précédent, il peut demander un bail pour extraire de la houille en dessous d'une région le long de ce filon, dont la longueur totale n'excèdera pas 21,120 pieds, et la longueur ne devra pas excéder quatre fois la largeur. Tous les angles devront être à angles droits, sauf là où la ligne de bornage d'une région déjà déterminée est adoptée commune à deux emplacements, mais les bornes ne seront pas nécessairement vrai nord et sud et vrai est et ouest.

(*a*) La région sera marquée par deux poteaux de bois d'au moins quatre pouces carrés et sortant de terre d'au moins quatre pieds, placés aussi près que possible sur la ligne du filon, et ces poteaux seront numérotés 1 et 2. La distance entre les poteaux numéros 1 et 2 n'excédera pas 21,120 pieds, et sur les poteaux seront inscrits le nom du requérant et la date de la délimitation. Sur le poteau No 1 sera inscrit en sus de ce qui précède : " Poteau initial," le relèvement approximatif du poteau No. 2, et un état du nombre de pieds sis à droite et à gauche de la ligne entre le poteau No 1 et le poteau No 2. Ainsi : " Poteau initial, la direction du poteau No 2 est..... pieds sis à droite et..... pieds à gauche de la ligne entre le poteau No 1 et le poteau No. 2."

Lorsque la région qu'un requérant désire a été délimité il marquera immédiatement la ligne entre le poteau No 1 et le poteau No 2, afin qu'elle puisse être bien visible, dans un endroit boisé, en marquant les arbres et coupant les broussailles, et dans les endroits où il n'y a ni arbres ni broussailles il plantera des poteaux des dimensions spécifiées plus haut, ou érigera des monticules de terre ou de pierre d'au moins deux pieds de hauteur et deux pieds de diamètre à la base, de façon que la ligne soit bien visible.

(*b*) Tous les détails qui doivent être inscrits sur les poteaux No 1 et No 2 seront énoncés dans la demande, et seront accompagnés d'un plan indiquant la situation de la région relativement à quelque éminence topographique ou autre point connu, ce plan contiendra assez de données pour permettre que la région soit exactement définie dans les archives du ministère.

(*c*) Un avis écrit ou imprimé sera affiché sur une partie bien visible de la région demandée, énonçant l'intention du requérant de demander, sous trente jours de la date de cet avis, un bail de droits miniers de houille en dessous de la dite région.

(*d*) La demande sera accompagnée de preuves appuyées d'un affidavit, à l'effet que les prescriptions ci-dessus ont été exactement remplies :—

(Exemples des divers modes de tracer des concessions houillères en vertu l'article 7 des présents règlements)

8. Les demandes d'un bail de droits miniers locaux en dessous de terrains situés dans un territoire non arpenté seront déposées au bureau de l'agent des terres fédéraies pour le district dans lequel est située la région demandée, ou au bureau du sous-agent pour le district, sous trente jours à compter de la date à laquelle la région demandée est délimitée, autrement elle ne sera pas prise en considération.

Lorsque deux personnes ou plus réclament la même concession, ou des parties des mêmes concessions, le droit d'acquérir un bail appartiendra à celui qui prouvera à la satisfaction du Ministre qu'il était le premier en possession de la région en litige au moyen de la délimitation prescrite par les présents règlements, et qu'il a demandé un bail pour cette région sous le délai spécifié.

9. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux miniers comprenant toute partie de ce township ainsi arpenté et confirmé seront rendus conformes au système géodésique fédéral, par la substitution d'un nouveau bail décrivant par sections, subdivisions légales de sections, ou parties régulières de subdivisions aussi près que possible, la région renfermée dans le bail, en tant qu'il s'agit du township ainsi arpenté.

La balance du bail qui restera dans le territoire non arpenté continuera d'être décrite comme dans le bail primitivement délivré, jusqu'à ce que cette dite partie soit incluse dans un arpentage confirmé.

10. Aussitôt que l'arpentage d'un township a été confirmé, tous les baux houillers comprenant une partie quelconque du township ainsi arpenté et confirmé seront assujétis au retrait du bail, sans compensation aux locataires, de toutes parties qui conformément à cet arpentage seront trouvées être la propriété de la Compagnie de la Baie d'Hudson.

11. Le bail ne comprendra que les droits miniers de houille, mais le locataire pourra, sur demande, acheter au taux de $10 l'acre toute étendue des droits de surface disponibles que le Ministre jugera nécessaires pour l'exploitation efficace et économique des droits miniers de houille accordés en vertu de ce bail.

12. Le locataire commencera des opérations actives sur sa concession sous un an de la date à laquelle il sera averti de le faire par l'officier compétent du ministère de l'Intérieur, et produira de ces opérations la quantité de houille spécifiée dans le dit avis. Cet avis ne sera pas donné avant l'expiration d'au moins un an à compter de la date du bail, et énoncera la quantité de houille que le locataire est tenu d'extraire et produire à la bouche du puits prête à être expédiée, mais cette quantité pourra toutefois être augmentée par avis de temps à autre, mais la quantité maximun à extraire ne devra jamais excéder dix tonnes par année pour chaque acre affermé. Si les opérations ne sont pas commencées dans le délai spécifié dans l'avis, ou si la quantité requise de houille n'est pas extraite durant chaque année, le bail sera passible d'être annulé à la discrétion du Ministre.

13. Le locataire ne devra pas céder, transférer ou sous-louer les droits décrits dans son bail, ou toute partie d'iceux, sans le consentement par écrit du Ministre.

14. Les limites souterraines d'une concession houillère correspondront en lignes verticales avec les lignes tirées à la surface.

15. Tous les baux de droits miniers de houille délivrés en vertu des présents règlements seront subordonnés à la condition que les colons réels auront droit d'acheter à la bouche du puits toute la houille dont ils peuvent avoir besoin pour leur propre usage, mais non pour vente ou trafic, à un prix n'excédant pas $1.75 par

tonne, et le bail délivré pour droits houillers comportera cette stipulation.

16. Un honoraire de $5 devra accompagner chaque demande d'un bail, et cet honoraire sera remboursé si les droits demandés ne sont pas disponibles, mais non autrement.

17. Le bail sera en la forme prescrite par le ministre de l'Intérieur, conformément aux dispositions des présent règlements.

18. En sus de la rente, un droit régalien au taux de 5 cents par tonne de 2,000 livres, sera prélevé et perçu sur le rendement marchand de la mine, et il faudra que la personne qui exploite une mine fournisse à l'agent des terres fédérales un état assermenté, mensuellement, aux dates que fixera le ministre de l'Intérieur, de la quantité marchande de houille extraite, et qu'il paie le droit régalien au taux ci-dessus.

19. Chaque locataire de droits miniers de houille qui ne sont pas en voie d'exploitation fournira à l'agent des terres fédérales un état assermenté à cet effet au moins une fois par année.

20. Le défaut de payer le droit régalien, ou de fournir les états, dans les trente jours après que l'avis a été affiché à la mine, ou à un endroit bien visible sur la propriété au sujet de laquelle ce paiement est demandé par l'agent des terres fédérales, ou par ses ordres, entraînera l'annulation du bail, ou l'imposition d'une amende, au choix du ministre de l'Intérieur.

21. Toute tentative de frauder la Couronne en cachant une partie quelconque du revenu établi, ou en faisant de faux états du montant extrait, entraînera une amende ou l'annulation du bail au sujet duquel la fraude ou le faux état a été commise ou fait, au choix du Ministre. Quant aux faits concernant cette fraude, ou ces faux états ou non-paiement du droit régalien ou défaut de faire des rapports, la décision du Ministre sera définitive.

22. Lorsque le locataire des droits miniers de houille ne peut s'entendre avec le propriétaire des droits de surface, ou son agent, ou l'occupant du terrain, pour l'acquisition de la partie des droits de surface nécessaire à l'opération efficace et économique des droits acquis en vertu de son bail, l'étendue de la surface à acquérir, sa situation exacte, ou le montant de la compensation à adjuger, il pourra s'adresser au ministre de l'Intérieur pour avoir la permission de soumettre le différend en question à l'arbitrage, et en recevant cette permission par écrit il lui sera loisible de donner avis au propriétaire ou son agent ou à l'occupant de nommer un arbitre pour agir de concert avec un autre arbitre nommé par lui, à l'effet de fixer la compensation à laquelle le propriétaire ou occupant a droit. L'avis mentionné ici sera selon une formule qu'on peut obtenir de l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, et, lorsque possible, cet avis sera signifié en personne à tel propriétaire, ou son agent, s'il est connu, ou occupant ; et après avoir fait des efforts raisonnables pour signifier l'avis à la personne même, alors cet avis sera signifié en le laissant, ou l'envoyant par lettre enregistrée, à la dernière résidence du propriétaire, agent ou occupant ou en en affichant une copie dans le bureau de l'agent des terres fédérales pour le district dans lequel est situé le terrain en question. Cet avis sera signifié, si le propriétaire ou agent réside dans le district dans lequel sont situés les terrains, dix jours, s'ils sont en dehors du district et dans la province ou territoire, vingt jours, et s'ils sont en dehors de la province ou territoire, trente jours, avant l'expiration du temps fixé dans cet avis. Si le propriétaire refuse ou néglige de nommer un arbitre ou lorsque, pour quelque autre raison, le propriétaire ne nomme pas d'arbitre à l'époque fixée à cette fin dans l'avis prescrit par le présent article, l'agent des terres fédérales pour le district dans lequel les terrains en question sont situés devra, sur affidavit que cet avis est parvenu à la connaissance de ce propriétaire, agent ou occupant, ou que ce propriétaire, agent ou occupant élude volontairement la signification de cet avis, ou ne peut être trouvé, et que des efforts raisonnables ont été faits pour effectuer cette signification, et que l'avis a été laissé au dernier domicile de ce propriétaire, agent ou occupant, nommer un arbitre pour lui.

23. Tous les arbitres nommés sous l'empire des présents règlements prêteront serment devant un juge de paix qu'ils rempliront impartialement les devoirs qui leur seront assignés, et après avoir dûment considéré les droits du propriétaire et les besoins du locataire, ils décideront quelle partie particulière des droits de surface le locataire peut raisonnablement avoir besoin pour l'exploitation efficace et économique des droits et privilèges qui lui sont accordés par son bail et l'étendue de cette partie particulière, et ils procèderont à en faire l'évaluation.

24. En faisant cette évaluation, les arbitres détermineront la valeur du terrain sans égard à la plus-value causée par la présence des minéraux en icelui.

25. Dans le cas où ces arbitres ne pourraient s'entendre, ils pourront choisir un tiers-arbitre, et lorsque les deux arbitres ne pourront s'entendre sur un tiers arbitre, l'agent des terres fédérales pour le district dans lequel sont situés les terrains en question, choisira ce tiers-arbitre.

26. La sentence de deux arbitres rendue par écrit, sera finale, et sera déposée au bureau de l'agent des terres fédérales pour le district où sont situés les terrains.

27. Les arbitres auront droit de recevoir une allocation de $5.00 par jour, ainsi que les frais de route et d'hôtellerie nécessaires tant qu'ils seront engagés dans l'arbitrage, et les frais de cet arbitrage seront supportés par parts égales par le locataire et le propriétaire des droits de surface.

CHAMBRE DES COMMUNES.

RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

87. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

88. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de (cinq) dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

Taxes supplémentaires.

Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir :—

(*a*) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension	$ 100 00
(*b*) Lorsqu'un bill est présenté dans la Chambre après la huitième semaine de la session et avant la fin de la douzième	100 00
(*c*) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session	200 00
(*d*) Lorsque le capital social projeté d'une compagnie dépasse $250,000 et n'excède pas $500,000	100 00
(*e*) Lorsque le capital social projeté d'une compagnie dépasse $500,000, et n'excède pas $750,000	150 00
(*f*) Lorsque le capital social projeté d'une compagnie dépasse $750,000, et n'excède pas $1,000,000	200 00
(*g*) Lorsque le capital social projeté d'une compagnie dépasse $1,000,000, et n'excède pas $1,500,000	300 00
(*h*) Lorsque le capital social projeté d'une compagnie dépasse $1,500,000 et n'excède pas $2,000,000	400 00
(*i*) Pour chaque million ou fraction de million de dollars additionnel	100 00

4. Lorsqu'un bill a pour objet d'augmenter le capital social d'une compagnie la taxe supplémentaire sera établie d'après le tarif ci-dessus, mais ne sera exigée que sur le chiffre de l'augmentation.

5. Lorsqu'un bill a pour objet d'augmenter les pouvoirs de contracter des emprunts d'une compagnie sans aucune augmentation du capital social, la taxe supplémentaire sera de $300.00.

6. S'il est apporté quelque changement dans le capital social projeté d'une compagnie, ou s'il y est fait aucune augmentation à une phase quelconque d'un bill, le dit bill ne passera pas à la phase suivante tant qu'il n'aura pas été déposé un certificat du fonctionnaire qu'il appartient attestant que le versement des taxes résultant de ce changement a été régulièrement effectué,

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill.

8. Les taxes supplémentaires prescrites en l'article 3 de la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été reçue par cette Chambre dans les six premières semaines de la session, les taxes supplémentaires imposées sous l'empire des alinéas *b* et *c* de l'article 3, ne seront pas exigées.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

90. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada ;* le dit avis devra énoncer clairement et distinctement la nature et l'objet

de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires ; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. 4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de fidéicommis ;* une *compagnie de prêt ;* ou une *compagnie industrielle*, sans pouvoirs exclusifs quelconques :—Dans la *Gazette du Canada* seulement.

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal :—Dans la principale cité, la principale ville ou le principal village dans chaque district ou comté devant être traversé par ce prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés ; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs) ; ou pour l'augmentation ou la réduction du capital social de quelque compagnie ; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie :—Dans la localité où le bureau principal de la compagnie est ou doit être autorisé à s'établir.

(D.) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examinateur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

SÉNAT.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

Telles que revisées et mises en vigueur le 22 mars 1906.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé ; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district ; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée " partie défenderesse ".

Si la résidence de la partie défenderesse n'est par connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est reçevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration : le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu ; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément a l'*Acte de la preuve en Canada, 1893.*

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants :

(*1*) La résidence du pétitionnaire à l'époque de la signification.

(*2*) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(*3*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(*4*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*5*) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat :

(*a*) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(*b*) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(*c*) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour la partie défenderesse.

(*d*) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(*6*) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(*7*) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les service d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada ;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires ; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit :—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée ;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer ;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une *compagnie de banque ;* une *compagnie d'assurance ;* une *compagnie de crédit ;* une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "*Avis de bill privé*" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une com-

pagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de $200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

Greffier du Sénat.

Quarantinable diseases.

4. The graver quarantinable diseases are : Asiatic cholera, plague, smallpox, typhus fever and yellow fever. The minor : Chicken-pox, diphtheria, enteric fever (typhoid), measles and scarlet fever.

Other infectious diseases.

(*a*) In addition to the above recital, it is the duty of every quarantine officer to satisfy himself as to the presence or absence of any other contagious or infectious disease.

Leprosy.

5. It is the duty of every quarantine officer to satisfy himself as to the fact of the presence or absence of leprosy among the passengers or crew ; and in the event of any case of such disease being found, the person affected shall not be allowed to enter Canada, but shall be detained at quarantine at the vessel's expense until taken aboard by the same vessel when next outward and in the event of the vessel failing to take back the said leper, he or she shall be deported by the government at the expense of the owners of the vessel after an interval of fourteen days from the date of the landing of such person unless satisfactory reasons be given for further delay.

Vessels from outside of Canada.

6. Every vessel arriving from any port outside of Canada at any organized Quarantine Station shall be inspected by a duly appointed quarantine officer, at the place duly appointed for such inspection, and shall not be allowed to make customs entry at any port in Canada until it has received a clean bill of health from such officer at such place.

(*a*) If a vessel from an infected foreign port bound for a port in Canada, which is an unorganized Quarantine Station, has first to pass an organized Quarantine Station, it shall be held to call at such station before proceeding to its destination.

(*b*) Within the meaning of these regulations an infected port or country is a port or country where any one of the graver quarantinable diseases above designated exists as an epidemic or has been communicated to one or more persons through the medium of an infected person, personal effects or otherwise. A port or country is not considered infected when a single case or a small number of cases has been reported, and the disease has not been communicated from such cases.

Prince Edward Island.

(*c*) These regulations shall also apply to vessels arriving at any port in the province of Prince Edward Island from any port in any other province of the Dominion of Canada that has been declared by the Minister to be infected with any of the graver quarantinable diseases.

Coasting vessels, &c.

7. Coasting vessels from Newfoundland and from ports in the United States contiguous to Canada and, in the case of Prince Edward Island, vessels from ports in other provinces of the Dominion of Canada, and free from infectious disease may, from time to time, be excepted from these regulations by order of the Minister of Agriculture.

(*a*) Vessels from Europe touching at Newfoundland ports on their way to a Canadian port will not be considered coastwise vessels under this regulation.

Coastwise after clearance.

8. After having made customs entry at any port in Canada a vessel, if she proceed to any other port in Canada without first again going abroad, shall be held and regarded as a coastwise vessel and so not subject to these regulations.

His Majesty's ships of war.

9. His Majesty's ships of war and transports arriving at any port in Canada in a healthy condition are excepted from quarantine inspection and detention; but in the event of the presence on board any such vessel of any of the graver forms of quarantinable diseases as designated in section 4, these regulations shall apply as in the case of other vessels arriving from outside of Canada.

Pilots.

10. It shall be the duty of every pilot on boarding a vessel arriving at any port in Canada to furnish the master of such vessel with a copy of the Regulations, under the penalty hereinafter prescribed.

Quarantine signals.

11. Every vessel from any port outside of Canada requiring quarantine inspection shall, on arrival at any port in Canada, display a yellow flag at the fore by day, for a distinctive quarantine signal, in order to inform the quarantine officer that his services are required, and any such vessel arriving by night shall display a red light at the fore for such signal.

(*a*) No such vessel shall proceed past the quarantine inspection ground until she has been visited and released by the quarantine officer.

Persons liable to detention.

12. Every person who shall be on board any vessel arriving from any port outside Canada at any Organized Quarantine Station or who shall have gone on board any vessel after such arrival and before such vessel has been inspected by a duly appointed quarantine officer, shall be liable to the provisions of sections 18 and 23, and no such person shall leave such vessel without the permission of such officer until such vessel shall have been declared by such officer free from infectious disease. Any person violating this Regulation shall be liable to a penalty not exceeding $400 and imprisonment for 6 months.

Customs and revenue officers.

The word 'person' as used in this Regulation shall be deemed to include Customs and Revenue officers and others or servants of the Crown being on or going on board any vessel so arriving either in the discharge of their duty or otherwise.

Hours of inspection

13. Every vessel shall be inspected immediately on arrival.

(*a*) With the exception that in periods of the epidemic prevalence of any of the graver quarantinable diseases, or to meet the special requirements of any particular port, the Minister of Agriculture may direct that inspection shall only take place between sunrise and sunset.

Quarantine officer to satisfy himself as to health of vessel.

14. Every quarantine officer shall satisfy himself as to the presence or absence of infectious disease by the personal inspection of those on board or by the sworn statement of the captain or surgeon, in the form hereto appended or by both.

Notification for schedules forward.

15. Every maritime quarantine officer shall, when infectious disease is found on any vessel, notify the immigration agent of the port of the fact so that that official may complete and forward the schedule lists of immigrants by destination to the secretaries of the boards of health in the provinces or states to which such immigrants are destined.

Advice to passengers.

16. Passengers during a period of the prevalence in epidemic form of any of the graver quarantinable diseases should be notified by steamship agents to dispense as far as possible with luggage that may be injured by wetting, in case of having to undergo disinfection—such as fabrics of which the dyes are likely to run—as the owners will be compelled to assume all risks of injury.

Advice to owners of vessels.

17. Vessels during a period of the prevalence in epidemic form of any of the graver quarantinable diseases should dispense as far as possible with woollen hangings, curtains, carpets, and upholstering, substituting non-absorbing coverings.

(*a*) Every vessel carrying cargo, and liable to be disinfected should have provided a plain frame shaft allowing a clear inside space of 12 inches each way, placed in the main hatch, in a sailing vessel; and one in each hatch of a steamship divided by bulkheads. The frame work in this shaft to be set before loading and to extend from the hatchway to the bottom of the vessel. This simple arrangement would receive the fumigating pipe and avoid shifting cargo.

Detention.

18. Every vessel with infectious disease on board, or coming from an infected port or country, shall be liable to be detained at a quarantine station for disinfection or observation, together with its passengers, crew, pilot, &c., luggage and cargo;

(*a*) A vessel may be detained at quarantine for disinfection during the time necessary for that purpose;

Period of detention.

(*b*) The time during which a vessel, its passengers, crew, pilot, &c., may be detained for quarantine of observation is the accepted period of the incubation of the disease quarantined against from the ascertained date of last possible exposure.

As to vessels arriving at ports to which they were not originally bound, with infectious disease on board.

19. When any vessel not originally bound for any port in Canada arrives at any seaport of Canada with contagious or infectious disease on board, and is allowed to remain in quarantine at or near such port, the master of such vessel shall pay to the collector of the customs at the port the sum of two dollars, head money, for each person on board the said vessel at the time of her arrival; and the said sum shall be a lien on the vessel, and shall be paid before she shall be allowed to leave the port. R.S., c. 74, s. 11.

Vessels may, on certain conditions, put to sea instead of being quarantined.

20. The master of any such vessel shall, before bulk is broken, have the right of putting to sea with such vessel, instead of allowing her to be quarantined, and if this right is exercised, and the vessel has not arrived at her port of destination, the bill of health shall be returned after the inspecting physician has mentioned thereupon the length and circumstances of the detention and the condition of the said vessel on her putting to sea: Provided always, that before the exercise of such right by the master of such vessel, the inspecting physician shall satisfy himself that the sick of the vessel will be taken care of during the remainder of the voyage; and if any of the sick prefer to remain at such port the said physician shall take care of them. R.S., c. 74, s. 12.

Isolation.

21. Every vessel provided with an isolated hospital for men and another for women, on the upper deck, ventilated from above and not by the door only, may, if the quarantine officer is furnished with satisfactory evidence that such hospital accommodation has been promptly and intelligently made use of, be allowed to proceed after the landing of the sick and those who in the judgment of the quarantine officer may have been immediately exposed to infection, and the disinfection of such parts of the vessel as he may judge to require it; any vessel, however, arriving with any infectious disease, without having such special isolated and ventilated hospital accommodation, or if having it, without satisfactory evidence that it has been promptly and intelligently made use of, shall be liable to be detained for disinfection at a quarantine station.

Moving of vessels, &c.

22. Any vessel detained by order of the quarantine officer shall forthwith be anchored or moored in such position as the quarantine officer shall direct, and its passengers, crew, pilot, &c., shall be retained on board or landed at quarantine as the quarantine officer shall direct.

No person to leave.

23. And whilst such ship is so detained no person shall leave the same, nor shall communication be allow-

ed with such vessel, without permission from the quarantine officer.

Quarantine officer to notify minister.

24. The quarantine officer detaining any ship as aforesaid shall immediately notify the Minister of Agriculture, stating the cause of such detention.

Vessels arriving by the St. Lawrence.

25. (*a*) In the event of his finding a quarantinable disease on board the quarantine officer at Rimouski (or at any other port designated by the Minister) shall withhold the final clearance for customs entry which shall only be given to the vessel when she has been released after quarantine inspection at Grosse Isle ;

(*b*) When, however, in the judgment of the quarantine officer at Rimouski (or at any other port designated by the Minister) mails and persons and their effects may be permitted to land at Rimouski (or at any other port designated by the Minister) from such a vessel a partial clearance shall be given by such quarantine officer covering only the mails and the persons allowed to land there with their effects. (*Vide* form appended hereto) ;

(*c*) With the exception that during a time of epidemic prevalence of one of the graver quarantinable diseases the permission to a mail steamer from an infected port or country to land passengers at Rimouski (or at any other port designated by the Minister) may be suspended by direction of the Minister of Agriculture ;

(*d*) And, in such conditions, the mails only to be landed at Rimouski (or at any other port designated by the Minister), and the vessel to proceed to Grosse Isle for inspection ;

(*e*) In the event of a graver quarantinable disease having occurred on board of a vessel during the voyage and where in the judgment of the quarantine officer the outer bags containing mail matter may have been exposed to infection, they shall be left on board the vessel for disinfection at Grosse Isle ;

(*f*) The quarantine officer at Rimouski (or at any other port designated by the Minister) shall telegraph a statement of action taken and the disease for which full clearance is withheld to the quarantine officer at Grosse Isle.

Vessels at Halifax.

26. With regard to vessels touching at Halifax on their way to St. John, when, after inspection, the quarantine officer at Halifax finds a vessel healthy he shall give a full customs clearance which shall be valid at the port of St. John, and the vessel shall then proceed there coastwise.

(*a*) In the event of his finding a quarantinable disease on board the quarantine officer at Halifax shall withhold the final clearance for customs entry which shall only be given to the vessel when she has been released after quarantine inspection at St. John ;

(*b*) When, however, in the judgment of the quarantine officer at Halifax mails and persons and their effects may be permitted to land at Halifax from such a vessel a partial clearance shall be given by the quarantine officer at Halifax covering only the mails and the persons allowed to land there with their effects. (*Vide* Form appended hereto.)

(*a*) The quarantine officer shall telegraph a statement of action taken and the disease for which the full clearance is withheld to the quarantine officer of the port of St. John.

Steam tugs.

27. Any steam tug or other vessel which shall have towed or otherwise communicated with any vessel of the class of vessels subject to quarantine or quarantine inspection shall thereby be held to the same regulations and requirements as apply to the vessel communicated with.

(*a*) If the communication between the vessel and the steam tug is confined to attachment of a rope, afterwards loosed, the quarantine officer may decide to release such tug from quarantine detention.

Rags.

28. Rags coming from a port or country in which infectious disease prevails may be prohibited, and the name of any port or country so infected shall, from time to time, be published in the *Canada Gazette*.

(*a*) Rags arriving from prohibited ports at a quarantine station shall be liable to be burnt or otherwise treated on the order of the Minister of Agriculture based on a report of the quarantine officer.

New merchandise.

29. New merchandise in general may be accepted without question.

Vaccination.

30. Every passenger shall be required to furnish evidence, to the satisfaction of a quarantine officer, of having been vaccinated, or having had the smallpox.

(*a*) Every person not showing satisfactory evidence of having been vaccinated, or of having had smallpox, shall be vaccinated by a quarantine officer or detained under observation.

31. The production of an endorsement on the passenger's ticket, signed by the ship's surgeon, to the effect that the passenger has been successfully vaccinated, and the ship's surgeon's testimony under oath verifying the truth of such certificates or endorsements, may be taken by a quarantine officer as evidence of such vaccination and protection. Such quarantine officer shall, however, from time to time, make personal examination of holders of such certificates to satisfy himself of the manner in which they have been issued.

(*a*) The ship's surgeon shall make examination of each steerage passenger as to his or her vaccinal protection as soon as possible after the vessel leaves the port of departure and shall endorse the result of such examination on the passenger's steamship ticket as follows :

"Protected by previous vaccination or smallpox."
"Vaccinated on board," or
"Refused vaccination."

Vessels with smallpox.

(*b*) In the event of smallpox having occurred on any vessel, or of the arrival of any vessel from any port or place which has been declared, by proclamation in the *Canada Gazette*, infected with smallpox, every person on board not showing satisfactory evidence of having been vaccinated within seven previous years, or of having had the smallpox within that period, shall be vaccinated by or under the supervision of the quarantine officer or detained under observation.

Detention of passengers.

(*d*) In the case of persons so detained from a healthy vessel the period of detention shall be 18 days, such being taken as the ordinary period of incubation dated from possible infection at the port of departure, and in the case of persons from a vessel in which smallpox has occurred during the voyage the eighteen day period of detention shall date from the landing at quarantine of the persons refusing vaccination.

Vaccination before embarkation.

(*e*) A vessel arriving at any quarantine station in Canada will be less liable to detention if the vaccination of all steerage passengers not showing proof of vaccination within seven years is insisted on before embarkation.

Disinfection.

Disinfection under the Quarantine Service of Canada shall be by one or more of the following means :—

Fire, boiling, steam, formaldehyde, sulphur dioxide, mercuric bichloride solution, carbolic acid solution, formalin, chloride of lime, milk of lime.

Fire.—Thoroughly efficient,but seldom necessary as practically everything can be disinfected by less destructive means.

Boiling.—Articles to be wholly immersed in water actually boiling (100° C., 212° Fahr.) for not less than thirty minutes.

Steam.—Steam should be used for ships' hospital cabins, for all small appartments where it will not do too much injury, and for divided steerages where steam pipes are provided as fire protection and the compartments are small.

It is also to be used under pressure with vacuum in special chambers for the disinfection of all clothing and effects that will not be injured thereby.

The exposure to the steam to be for not less than thirty minutes, the steam to be of the temperature of not less than 100° C., 212° Fahr., nor greater than 115° C., 239° Fahr.

Articles injured by steam, such as leather, furs, skins, rubber, trunks, valises, hats and caps, boots and shoes, bound books, silk, fine woollens and glued articles should not be disinfected by steam. For such articles washing with a disinfecting solution of mercuric bichloride, carbolic acid or formalin should be used. And for those which would be injured by wetting, disinfection by a gaseous agent, formaldehyde or sulphur dioxide.

Formaldehyde.—Such ships' cabins and saloons and articles as would be injured by steam may be disinfected by formaldehyde gas.

This may be evolved by :—

(*a*) The free sprinkling or spraying of formalin (40 per cent solution of formaldehyde) on sheets suspended in small closed compartments, 10 ounces per 1,000 cubic feet. One sheet will hold about 5 ounces without dripping.

(*b*) The formalin-permanganate method. Seven and a half ounces of potassium permanganate, powdered or in fine needles, and one pint of formalin for each 1,000 cubic feet of room space to be disinfected. *The permanganate must be put in before the formaldehyde solution.* The vessel in which the mixture is made should be of considerable size else the vigorous foaming will overflow. A flaring ten quart tin pail may be used, or if a wide bottom vessel be used it need not be high. If the bottom of the dish be so wide that the requisite amount of permanganate just conceals it and the sides be eight inches high there will be no overflow from foaming or spattering.

The room in either of these methods should be closed up tightly for four hours.

With dry heat from the jacket and partial vacuum where formaldehyde appliances are attached to the chambers for steam disinfection, one hour's exposure. This method has great penetrating power, and is specially applicable to clothing, luggage, &c., that cannot be steamed.

Formaldehyde gas does not injure fabrics nor most colours.

It cannot be depended upon to kill rats, or other vermin, or mosquitoes.

Clothing, textiles and luggage, clean and in good condition, but suspected of infection can be efficiently and least injuriously disinfected by formaldehyde.

Where desired the smell of the formaldehyde may be subsequently neutralized by the use of ammonia in liquid or gaseous form.

Sulphur dioxide gas.—(*a*) By burning not less than three pounds of finely broken rolled sulphur per 1,000 cubic feet of space. The sulphur may be burned in iron pots standing in vessels of water. Ignition is best accomplished by alcohol.

(*b*) Or liquified sulphur dioxide may be used, six pounds of the liquified gas for each 1,000 cubic feet of space.

(*c*) Or the sulphur may be burned in a special furnace and the sulphur dioxide blown in by a power fan.

Fumigation by sulphur dioxide is specially applicable to holds, steerages and other compartments too large for steam or formaldehyde, and which do not contain objects injured by it. It bleaches fabrics or materials dyed with vegetable and aniline dyes. It destroys linen or cotton goods by rotting the fibre through the acids formed. It injures most metals. It is promptly destructive to all forms of animal life. It is therefore specially valuable for the destruction of rats, &c., in plague ships, and of mosquitoes in yellow fever vessels.

In sulphur fumigation the time of exposure should be not less than twelve hours.

Mercuric bichloride.—This disinfectant is used in solutions not weaker than 1 to 1,000 of water. Its solubility is increased by using salt water, or by adding 2 parts per 1,000 of sodium (or ammonium) chloride. It is of use for the spraying, washing and drenching of free surfaces, alleyways, walls, floors, &c., where steam or gaseous disinfection cannot be used. It injuriously affects polished metals. It cannot be depended upon to penetrate substances in the presence of albuminous matters, dejecta, sputa, &c. These are best disinfected by burning or by-chloride of lime or milk of lime.

Carbolic Acid.—In solution of 5 per cent this may be used instead of the mercuric bichloride solution for polished metals, bright work, &c.

Formalin (a 40 per cent aqueous solution of formaldehyde gas).—This in 5 per cent solution may also be used as a substitute for the mercuric bichloride solution or carbolic acid. It is non-injurious to metals.

GENERAL.

Disinfection of the mails.

When it is necessary to disinfect the mails it can be done by steam superheated to dryness, sulphur dioxide or formaldehyde gas. Perforation of the letters facilitates penetration.

A simple method of disinfecting the mails in their bags or boxes is by formaldehyde gas. A soft towel or bunch of clean cotton waste may be placed in each bag or box and formalin poured upon it in the proportion of 1 oz. for every cubic foot of air space, leaving the bag or box closed for 5 or 6 hours.

Soiled textiles.

Textiles which are soiled with discharges of the sick or are in any other way presumably deeply infected must be disinfected by boiling, or by steam, or by steeping in one of the above disinfecting solutions.

Utensils.

Cooking and eating utensils are to be disinfected by immersing in boiling water or by steam.

Bilges.

In generally infected vessels the bilges should be flushed out with sea or river water and then treated with steam, or one of the disinfecting solutions in large quantity.

Disinfection of luggage.

33. During a time of cholera or other epidemic, the luggage of immigrants or passengers by every vessel arriving at any port in Canada, whether from an infected or health port or country, may by direction of the Minister of Agriculture be disinfected in each case.

(*a*) When this disinfection is carried out at a substation, subsequent to the inspection and clearance at the main station, the clearance granted by the quarantine officer shall be conditional on the landing of immigrants and their luggage for disinfection.

(*b*) The supervising officer of such disinfection to count the immigrants as they land, and if he find the number tallies with that marked on the clearance of the quarantine officer and has satisfactory evidence that all their luggage has been landed with them, he shall countersign the clearance, which shall then become valid for Customs entry.

COSTS AND CHARGES.

34. All quarantine inspections, except those under section (45), shall be made without any charge against the vessel.

35. All costs incurred in the maintenance of and attendance upon healthy persons, who may have been exposed to infection, or who have refused vaccination (see section 31*c*.), detained for quarantine are to be at the charge of the vessel.

vessel or transportation from the mainland of the necessary provisions and for the attendance of stewards for serving them in cases where persons are so landed.

REGULATIONS RELATING TO MANGE.

Whereas the disease of Mange exists among cattle throughout those portions of the Provinces of Saskatchewan and Alberta which may be described as bounded by the International Boundary, the Rocky Mountains and a line drawn as follows :—

A line from the Rocky Mountains along the northern boundary of the Stoney Indian Reserve to the line between Ranges 5 and 6 west of the 5th Meridian, thence north along that line to the line between Townships 28 and 29, thence east along that line to the line of the Calgary and Edmonton Railway, thence north along the Calgary and Edmonton Railway to the line between Townships 30 and 31, thence east along that line to the line between Ranges 26 and 27 west of the 4th Principal Meridian, thence north along that line to the line between Townships 34 and 35, thence east along that line to the Red Deer River, thence north along the Red Deer River to the line between Townships 38 and 39, thence east along that line to the 4th Principal Meridian, thence south along the 4th Principal Meridian to the Red Deer River, thence along the Red Deer and Saskatchewan Rivers to the line between Ranges 7 and 8 west of the 3rd Meridian, thence south along that line to the line between Townships 10 and 11, thence east along that line to the line between Ranges 20 and 21 west of the 2nd Meridian, thence south to the International Boundary line.

And whereas it is of the greatest importance to the interests of stock owners and to the preservation of a profitable market for western cattle that the policy adopted in 1904 with a view to the eradication of the disease in question should be continued.

That after careful inquiry and due consideration it has been decided that the period between 1st June and 15th August, is the most suitable and convenient for treatment with the above object,—

Therefore the Governor General in Council, in virtue of the provisions of Section 28 of The Animal Contagious Diseases Act, chapter 75, of the Revised Statutes of Canada, 1906, is pleased to order that the above described tract of land shall be, and the same is hereby declared an infected place, and that all persons owning or being in charge of cattle within the above described tract must, except as hereinafter provided, during the said period dip or otherwise treat such cattle in a manner satisfactory to the officers of the Department of Agriculture, provision being made that where it can be clearly shown to the satisfaction of the said officers that cattle, kept under fence in any well-defined area or district within the said tract, are not affected with, and have not been in any way exposed to, the contagion of mange, or have been, during the present season, treated in a satisfactory manner and subsequently kept isolated from all other cattle, the Veterinary Director General may, on the facts being reported to him, exempt such area or district from such compulsory treatment, but this provision shall in no case apply to cattle kept on the open range, or on unfenced land.

Satisfactory treatment shall consist of :—

(*a*) Immersion for not less than two minutes in a solution of lime and sulphur of a strength of not less than 10 pounds of lime and 24 pounds of sulphur to 100 gallons of water prepared according to the directions of the officers of the Department of Agriculture, the fluid to be applied at a temperature of not less than 105 degrees nor more than 110 degrees Fahrenheit, and the treatment to be repeated after an interval of not less than ten, nor more than fifteen days.

(*b*) Complete immersion in, or thorough saturation by spraying or otherwise, to the satisfaction of the inspector in charge, with an emulsion of crude petroleum, soft water and hard soap, prepared by first mixing these ingredients in the proportion of :

Crude petroleum	2 gallons.
Hot soft water	½ gallon.
Hard soap	½ pound.

the mixture thus formed to be subsequently diluted with not less than seven, nor more than fifteen times its volume of soft water.

Treatment with crude petroleum or kerosene in any form, other than an emulsion as above prescribed, will not be recognized by the Department.

When approved by the inspector in charge of the district in which the cattle to be dealt with are kept, persons owning or controlling herds of not more than thirty head may be permitted to treat their animals by hand, in which case either the emulsion described above or the following preparation shall be used :—

Sulphur	2 pounds.
Oil of tar	8 ounces.
Raw linseed oil	1 gallon.

In the event of any owner failing to treat or to make satisfactory preparation for the treatment of his cattle on or before 1st August, the provisions of the Order in Council dated 27th June, 1904, regarding compulsory treatment as quoted below, shall be enforced :—

"Every Veterinary Inspector, and every person duly authorized by a Veterinary Inspector, shall have full power to order animals affected or suspected of being affected with mange to be collected for inspection, and, when necessary, to be detained, isolated or treated in accordance with the instructions of the Veterinary Director General."

The expenses of and incidental to such collection, isolation and treatment shall be borne by the owners of the animals, and if advanced by the inspector or other authorized person, shall, until paid, be a charge upon the said animals, without prejudice however to the recovery of any penalty for the infringement of these regulations.

If such expenses are not paid within twenty days of the time when they have been incurred, the inspector

or other duly authorized person may proceed to sell the said animals by public auction after giving to the owner ten day's notice in writing of such intention to sell, which notice may be effectually given, where the owner is known, by delivering the same to him personally or by sending it by mail addressed to him at his last known place of residence. Where the owner is unknown, such notice may be effectually given by publication in one issue of a newspaper published or circulating in the district where such animals are detained. The proceeds of such sale shall be applied first in payment of the reasonable expenses of the collection, isolation, treatment, giving of notice and conduct of sale, and the balance, if any, shall be paid to the owner of the said animals on demand. Any balance not so paid shall be remitted to the Minister, and if not claimed within twelve months from the date of sale shall be paid to the credit of the Receiver General."

The Governor General in Council is further pleased to order that no cattle other than those consigned to Winnipeg or to points in Canada east of Winnipeg, shall be removed or be allowed to move out of the above described tract unless they are accompanied by the certificate of an inspector of the Department of Agriculture stating that they have been examined by him and have either been found free from contagion of Mange, or that they may be shipped for immediate slaughter as hereinafter provided. Any such cattle, however, shall, if deemed advisable by the Inspector, be detained, dipped, sprayed or otherwise treated in such manner as the Veterinary Director General may from time to time prescribe.

No railway company shall accept or load at any point within the said tract any shipment of cattle destined for any point west of Winnipeg or for export to the United States or elsewhere *via* any point on the International Boundary, west of Winnipeg, unless such shipment is accompanied by the certificate of an Inspector as above provided.

Cattle originating west of Winnipeg, whether within the above described tract, or not, consigned to Winnipeg, or to points east thereof shall be inspected at Winnipeg, and no railway company shall release such cattle at Winnipeg or load such cattle for re-shipment therefrom until they have been submitted by daylight, to an Inspector of the Department of Agriculture and certified by him to be free from Mange and other contagious or infectious diseases.

Cattle found on inspection to be affected with Mange or other contagious or infectious disease shall be dealt with as may be ordered by the Inspector.

At points where cattle originating in the said district are unloaded, they shall be placed in special yards, and such yards shall be used for no other purpose and shall be cleansed and disinfected when so ordered by an Inspector.

All cars and other vehicles used for the carriage of cattle originating within the said tract shall be cleansed and disinfected to the satisfaction of an Inspector as soon as possible after being unloaded and before being used for any other shipment.

All way bills and bills of lading accompanying shipments of cattle originating within the said tract shall have plainly written or stamped across the face thereof a notification that the said cars are to be cleansed and disinfected immediately after being unloaded.

Cattle affected with or which have been exposed to the contagion of Mange may be shipped for immediate slaughter to points within the above described tract under the following conditions :—

Unless loaded through special yards and chutes reserved exclusively for such shipments, all yards and chutes used by them shall be declared infected places and shall not be again used for the shipment of healthy stock until cleansed and disinfected to the satisfaction of the Inspector ; they shall not be allowed to come in contact with other animals ; shall be consigned direct only to such slaughter houses within the hereinbefore described tract as are provided with private yards and chutes ; shall not be unloaded at any point en route, and shall under no pretext whatever be removed alive from the slaughter house or the yards and premises immediately connected therewith.

Cars conveying such cattle shall be cleansed and disinfected to the satisfaction of an Inspector immediately after being unloaded.

The transit of cattle through the said tract is permitted subject to the following regulations :—

Cattle for transit by rail through the said tract from one part of Canada to another shall, at points where unloading is necessary, be placed in yards reserved for their exclusive use, and shall not be permitted to come in contact with cattle which have originated within the said tract.

Cattle imported from the United States into the said tract destined for points in Canada outside thereof may, under compliance with the Quarantine Regulations, and with the provisions of the next preceding section hereof, be permitted to pass without unnecessary delay through the said tract direct to their destination without further restrictions. 50–2

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 14th day of May, 1907.

PRESENT :

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

HIS Excellency, by and with the advice of the King's Privy Council for Canada, is pleased to order that the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory established by the Order in Council of the 18th January, 1898, and amendments thereto made by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following substituted in lieu thereof.

1. For the purposes of these regulations,—"Minister means the Minister of the Interior,—"River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Gold Commissioner shall be the Judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations :

".River Bed" means the bed and bars of the river to the foot of the naturel banks.

2. The Minister may issue leases granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Yukon Territory.

3. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

4. Every lessee under these regulations, or under the regulations hereby rescinded, shall have the exclusive right to dredge the river bed within the length of river leased to him.

5. Not more than one lease shall be issued in favour of one person.

6. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of the Interior within six months after receipt by the lessee of such direction and instructions.

7. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewable, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined ; that the lessee has, during the term of his lease, efficiently operated the leasehold ; and that he has otherwise complied fully with the provisions of the regulations in that behalf.

8. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

9. Every lease shall be deemed to be issued subject to the rights of all persons who received entries for claims under the provisions of the Yukon Placer Mining Act, or under former regulations, prior to the issue of such lease.

10. The lessee shall, within three years from the date of the lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon the leasehold, and shall furnish proof of the efficient operation of such dredge for not less than forty days of ten hours each, in every year after the third year from the date of the lease. Unless such proof is furnished yearly, or at such times as the Minister may direct, the Minister may declare the lease to be null and void.

11. The lessee shall pay for the first year a rental of $100.00 for each mile of river leased to him, and for each subsequent year a rental of $10.00 for each mile.

12. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

13. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

14. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. Failure to remove within the time set out in the said notice, the impediment or obstruction complained of, or the continuance of such impediment or obstruction, may be punished by a fine or by the cancellation of the lease as the Minister directs.

15. The lease shall provide that any person who has received or who may receive entry under the Yukon Placer Mining Act or former regulations shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a wing or wing-dam within 1,000 feet from the place where any dredge is being operated or to obstruct or interfere in any way with the operation of any dredge.

16. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct

any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

17. These regulations shall not restrict any rights which have been granted under former regulations.

47-4 Asst. Clerk of the Privy Council.
